Performance quoted represents past performance and does not guarantee future results. Current performance may be lower or higher. Total Returns showed after one year are annualized.

A ten-year correlation¹ of 0.169 for the benchmark vs the S&P 500 Total Return highlights the diversification provided by having the Physical Precious Metals Basket.²

For illustrative purposes only.

¹ Correlation is the extent to which the values of two indices have historically moved in tandem with one another, measured on a scale of -1 to +1. Perfect positive correlation (+1) means that as one index increases or decreases, the other index moves lockstep in the same direction. A correlation of -1 means the two indices move in exactly inverse directions.

² Source: Bloomberg as of 3/31/2025.

Investment objective:

abrdrn Physical Precious Metals Basket Shares ETF (GLTR) seeks to reflect the performance of the prices of physical gold, silver, platinum and palladium, in the proportion held by the Trust, less the Trust's expenses.

Key Features:

- **Physically-Backed:** Cost-effective and convenient access to a basket of physical precious metals.
- **Transparency:** The metals are held in allocated bars and a bar list is posted daily on abrdrn.com/usa/etf
- **Vault Location:** Metal is held in London, UK in secured vaults.
- **Vault Inspection:** Bureau Veritas Commodities UK Ltd, a leading physical commodity auditor, inspects the vault twice per year (including once at random).

Important Risks

The statements and opinions expressed are those of the author and are as of the date of this report. All information is historical and not indicative of future results and subject to change. Reader should not assume that an investment in any securities and/or precious metals mentioned was or would be profitable in the future. This information is not a recommendation to buy or sell. **Past performance is not a guide to future results.**

The abrdn Precious Metals Basket ETF Trust is not an investment company registered under the Investment Company Act of 1940 or a commodity pool for purposes of the Commodity Exchange Act. Shares of the Trust are not subject to the same regulatory requirements as mutual funds. These investments are not suitable for all investors. Trusts focusing on a single commodity generally experience greater volatility.

Commodities generally are volatile and are not suitable for all investors. Please refer to the prospectus for complete information regarding all risks associated with the Trusts.

The value of the Shares relates directly to the value of the precious metal held by the Trust and fluctuations in the price could materially adversely affect investment in the Shares. Several factors may affect the price of precious metals, including: A change in economic conditions, such as a recession, can adversely affect the price of the precious metal held by the Trust. Some metals are used in a wide range of industrial applications, and an economic downturn could have a negative impact on its demand and, consequently, its price and the price of the Shares; Investors' expectations with respect to the rate of inflation; currency exchange rates; interest rates; Investment and trading activities of hedge funds and commodity funds; and global or regional political, economic or financial events and situations. Should there be an increase in the level of hedge activity of the precious metal held by the Trust or producing companies, it could cause a decline in world precious metal prices, adversely affecting the price of the shares. Should there be an increase in the level of hedge activity of the precious metal held by the Trust or producing companies, it could cause a decline in world precious metal prices, adversely affecting the price of the shares.

Also, should the speculative community take a negative view towards the precious metal held by the Trust, it could cause a decline in prices, negatively impacting the price of the shares. There is a risk that part or all of the Trust's physical precious metal could be lost, damaged or stolen. Failure by the custodian or sub-Custodian to exercise due care in the safekeeping of the precious metal held by the Trust could result in a loss to the Trust.

The Trust will not insure its precious metals and shareholders cannot be assured that the custodian will maintain adequate insurance or any insurance with respect to the precious metals held by the custodian on behalf of the Trust. Consequently, a loss may be suffered with respect to the precious metal that is not covered by insurance. Commodities generally are volatile and are not suitable for all investors.

Diversification does not eliminate the risk of experiencing investment losses.

Investors buy and sell shares on a secondary market (i.e., not directly from Trusts). Only market makers or "authorized participants" may trade directly with the Trusts, typically in blocks of 25k to 50k shares.

This material must be accompanied or preceded by the prospectus. Carefully the Trust's investment objectives, risk factors, and fees and expenses before investing. To view the prospectus, please click here - [abrdn Precious Metals Basket ETF Trust](#).

The abrdn Physical Precious Metals Basket Shares ETF Index reflects the daily performance of an investment in a precious metals basket in a proportion equal to 0.03 ounces of gold (based on LBMA Gold Price PM), 1.1 ounces of silver (based on LBMA Silver Price), 0.004 ounces of platinum (based on LBMA Platinum Price PM) and 0.006 ounces of palladium (based on LBMA Palladium Price PM).

The S&P 500 Index is a capitalization-weighted index of 500 stocks selected by the Standard & Poor's Index Committee designed to represent the performance of the leading industries in the U.S. economy. One cannot invest directly in an index.

Bloomberg Commodity Index (BCOM) is a broadly diversified commodity price index distributed by Bloomberg Indexes.
