

Discretionary Investment Management Service

March 2021

Costs and charges information

The information below details the expected costs and charges information that could apply to your client's portfolio. Please note the table below does not include platform or product charges.

Where possible we have used actual costs incurred based on the portfolio composition as at March 2021 as a proxy for the expected fees and charges. Where actual costs are not available, reasonable estimations of these costs have been assumed. The total charges deducted will have an impact on the investment return an investor might get. Below are the costs and charges descriptions:

1. abrdn Discretionary Investment Management Charge: based on the total assets held in an investor's portfolio and deducted quarterly in arrears. VAT will be applied

in accordance with HMRC regulations and guidance where applicable. Current VAT rate is 0.2%.

2. On going Charges Figure: when we invests in funds, fund charges will apply (which include annual management charges plus additional fund expenses) based on the funds held within each portfolio.
3. Fund Transaction Costs: there will be third party costs and market-based charges or taxes incurred when a trade is made within a fund such as dilution levies, stamp duty, broker commission.
4. Product Incidental Costs: Fund(s) Performance Fees as appropriate.
5. Total cost to investor: this is the total of 1, 2, 3 and 4 above.
