## Directors' report

The directors of Melbourne Securities Corporation Limited (ACN 160 326 545, AFSL 428 289), (the "Responsible Entity") of abrdn Sustainable International Equities Fund (the "Scheme"), present their report together with the condensed interim financial statements of the Scheme for the half-year ended 31 December 2024 and the auditor's report thereon.

### Responsible Entity

The registered office and principal place of business of the Responsible Entity and the Scheme is Level 2, 395 Collins Street, Melbourne VIC 3000.

The directors of the Responsible Entity during or since the end of the half-year and up to the date of this report were as follows:

Michael Fleming  
Matthew Fletcher  
Steven O'Connell  
Ruth McClelland  
Shelley Brown

### Principal activities

The Scheme is a registered managed investment scheme domiciled in Australia.

The Scheme continued to invest in international equity securities in accordance with the provisions of the Scheme's Constitution.

The overall investment objective of the Scheme is to provide investors with high capital growth over the medium to long term by seeking exposure to companies listed on securities exchanges around the world adjusted to take into account certain Economic, Social and Governance ("ESG") considerations. The Scheme aims to outperform the MSCI All Countries World Accumulation Index (ex Australia) unhedged ("MSCI Index") over the suggested investment time frame (3-5 years plus).

The Scheme did not have any employees during the half-year.

There were no significant changes in the nature of the Scheme's activities during the half-year.

### Review and results of operations

#### Results

The performance of the Scheme, as represented by the results of its operations, was as follows:

	Half-year ended	
	31 December 2024	31 December 2023
Operating profit/(loss) (\$'000)	<u>14,783</u>	<u>4,158</u>

No distributions were paid during the half-year ended 31 December 2024 and 31 December 2023.

## **Directors' report (continued)**

### **Significant changes in the state of affairs**

During the period, a decision was made to write-off withholding tax receivables of \$4,081,825. This was due to the aged nature of the individual claims.

Market disruptions associated with current geopolitical events have had a global impact, and uncertainty exists as to their implications. Such disruptions can adversely affect assets and performance of the Scheme.

In the opinion of the Responsible Entity, there were no other significant changes in the state of affairs of the Scheme that occurred during the half-year.

### **Matters subsequent to the end of the half-year**

Since the balance sheet date, the associated economic impacts of geopolitical events remain uncertain. As the investments are measured at their 31 December 2024 fair values in the condensed interim report, any volatility in values subsequent to the reporting date are not reflected in the condensed interim statement of comprehensive income or the condensed interim statement of financial position.

However, the current value of investments has been reflected in the current unit price.

There has been no other matter or circumstance since 31 December 2024 that has significantly affected, or may significantly affect:

- (i) the operations of the Scheme in future financial years; or
- (ii) the results of those operations in future financial years; or
- (iii) the state of affairs of the Scheme in future financial years.

### **Likely developments and expected results of operations**

The Scheme will continue to pursue its policy of increasing returns through active investment selection.

The results of the Scheme's operations may be affected by a number of factors, including the performance of investment markets in which the Scheme invests. Investment performance is not guaranteed, and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

### **Indemnity and insurance premiums of officers and auditors**

#### ***Indemnity***

Since the end of the previous financial year the Scheme has not indemnified or made a relevant agreement for indemnifying against a liability, any person who is or has been an officer of the Responsible Entity or an auditor of the Scheme.

#### ***Insurance Premiums***

During the half-year, the Responsible Entity paid a premium under a contract insuring each director of the Scheme against liability incurred in their respective capacities. Disclosure of the nature of the liability and the amount of the premium is prohibited by the confidentiality clause as stated in the insurance contract. The Responsible Entity has not provided any insurance to a related corporate body or to an auditor of the Scheme.

### **Environmental regulation**

The operations of the Scheme are not subject to any particular or significant environmental regulations under a Commonwealth, State or Territory law.

## Directors' report (continued)

### Rounding of amounts to the nearest thousand dollars

The Scheme is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* issued by the Australian Securities and Investments Commission (ASIC) relating to the "rounding off" of amounts in the Directors' report. Amounts in the Directors' report have been rounded to the nearest thousand dollars in accordance with the ASIC Corporations Instrument, unless otherwise indicated.

### Auditor's independence declaration

The lead auditor's independence declaration is set out on page 5 and forms part of the Directors' report for the half-year ended 31 December 2024.

This report is made in accordance with a resolution of the directors.

## **1 General Information**

This condensed interim financial report covers abrdn Sustainable International Equities Fund (the “Scheme”) as an individual entity.

The Responsible Entity of the Scheme is Melbourne Securities Corporation Limited (the “Responsible Entity”). The Responsible Entity’s registered office is Level 2, 395 Collins Street, Melbourne VIC 3000. This condensed interim financial report is presented in Australian currency.

The Scheme is a registered managed investment scheme under the *Corporations Act 2001*. In accordance with the Scheme’s Constitution, it commenced on 30 October 2003 and will terminate on the day immediately preceding the 80<sup>th</sup> anniversary of its commencement date, unless terminated earlier in accordance with the provisions of the Scheme’s Constitution (as amended).

This condensed interim financial report was authorised for issue by the directors on 5 March 2025. The directors of the Responsible Entity have the power to amend and reissue the condensed interim financial report.

## **2 Basis of preparation of condensed interim financial statements**

The condensed interim financial report for the half-year ended 31 December 2024 has been prepared in accordance with *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

This condensed interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this condensed interim financial report should be read in conjunction with the annual financial report for the year ended 30 June 2024 and any public announcements made in respect of the Scheme during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

### **(a) Material accounting policies**

Except as disclosed in the financial report for the year ended 30 June 2024, there were no new accounting standards, amendments and interpretations that are expected to have a material impact on the condensed interim financial statements.

### **(b) Use of estimates**

The Scheme makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial half-year. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

For the majority of the Scheme’s financial instruments, quoted market prices are readily available.

Other financial instruments, including amounts receivable/payable for securities sold and purchased, accounts payable and accrued expenses, the carrying amounts approximate fair value due to the immediate or short-term nature of these financial instruments. Further details on how the fair values of financial instruments are measured are disclosed in Note 3.

### **(c) Rounding of amounts**

The Scheme is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors’ Reports) Instrument 2016/191* issued by the Australian Securities and Investments Commission (ASIC) relating to the “rounding off” of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars in accordance with that ASIC Corporations Instrument, unless otherwise indicated.

### 3 Fair value measurement

The Scheme measures and recognises the following financial assets and liabilities at fair value on a recurring basis:

- Financial assets at fair value through profit or loss (FVTPL) (see Note 5)

The Scheme has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 Fair Value Measurement requires disclosure of fair value measurements by level of the following fair value hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

#### *Fair value in an active market (level 1)*

The fair value of financial assets and liabilities traded in active markets are based on quoted market prices at the close of trading at the end of the reporting period without any deduction for estimated future selling costs. For the majority of its investments, the Scheme relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets and liabilities is the last traded price. Where the last traded price does not fall within the bid-ask spread, an assessment is performed by management to determine the appropriate valuation price to use that is most representative of fair value.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

#### Recognised fair value measurement

The table below presents the Scheme's financial assets and liabilities measured and recognized at fair value as at 31 December 2024 and 30 June 2024.

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>As at 31 December 2024</b>				
<b>Financial assets at fair value through profit or loss</b>				
Listed international equity securities	265,127	–	–	265,127
<b>Total</b>	<b>265,127</b>	<b>–</b>	<b>–</b>	<b>265,127</b>

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>As at 30 June 2024</b>				
<b>Financial assets at fair value through profit or loss</b>				
Listed international equity securities	267,547	–	–	267,547
<b>Total</b>	<b>267,547</b>	<b>–</b>	<b>–</b>	<b>267,547</b>

### 3 Fair value measurement (continued)

#### (i) Transfer between levels

The Scheme's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between the levels for the half-year ended 31 December 2024 and year ended 30 June 2024.

There were also no changes made to any of the valuation techniques applied as of 31 December 2024.

#### (ii) Fair value measurements using significant unobservable inputs (level 3)

The Scheme did not hold any financial instruments with fair value measurements using significant unobservable inputs during the half-year ended 31 December 2024 or year ended 30 June 2024.

#### (iii) Valuation processes

Portfolio reviews are undertaken regularly by management to identify securities that potentially may not be actively traded or have stale security pricing. This process identifies securities which possibly could be regarded as being level 3 securities. Further analysis, should it be required, is undertaken to determine the accounting significance of the identification. For certain security types, in selecting the most appropriate valuation model, management performs back testing and considers actual market transactions. Changes in allocation to or from level 3 are analysed at the end of each reporting period.

#### (iv) Financial instruments not measured at fair value

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values due to their short term nature.

### 4 Other receivables written off

During the period, a decision was made to write-off withholding tax receivables of \$4,081,825. This was due to the aged nature of the individual claims.

### 5 Financial assets at fair value through profit or loss

	As at 31 December 2024 \$'000	30 June 2024 \$'000
<b>Financial assets at fair value through profit or loss</b>		
Listed international equity securities	265,127	267,547
<b>Total financial assets at fair value through profit or loss</b>	<u>265,127</u>	<u>267,547</u>

## 6 Net assets attributable to unitholders

Movements in number of units and net assets attributable to unitholders during the half-year were as follows:

As stipulated within the Scheme's Constitution, each unit represents a right to an individual share in the Scheme and does not extend to a right to the underlying assets of the Scheme. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Scheme.

The Scheme classifies the net assets attributable to unitholders as financial liability as the puttable financial instruments do not satisfy all the criteria set out under AASB 132 *Financial Instruments: Presentation*.

	31 December 2024 No. '000	31 December 2023 No. '000	Half-year ended 31 December 2024 \$'000	31 December 2023 \$'000
Opening balance	49,016	55,560	274,512	282,567
Applications	561	972	3,175	4,958
Redemptions	(3,666)	(4,542)	(20,722)	(22,851)
Change in net assets attributable to unitholders	—	—	14,783	4,158
<b>Closing balance</b>	<b>45,911</b>	<b>51,990</b>	<b>271,748</b>	<b>268,832</b>

### Capital risk management

The Scheme considers its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a financial liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Scheme is subject to daily applications and redemptions at the discretion of unitholders.

Daily applications and redemptions are reviewed relative to the liquidity of the Scheme's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Scheme Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unitholders.

## 7 Related party transactions

### Responsible Entity

The Responsible Entity of the Scheme is Melbourne Securities Corporation Limited (ABN 57 160 326 545).

The directors of the Responsible Entity during or since the end of the half-year end up to the date of this report were as follows:

- (b) All transactions with related parties are conducted on normal commercial terms and conditions. From time to time the Scheme or its director-related entities may invest in or withdraw from the Scheme. These investments or withdrawals are on the same terms and conditions as those entered into by other Scheme investors or are trivial and domestic in nature.

## **8 Events occurring after the reporting period**

Since the balance sheet date, the associated economic impacts of geopolitical events remain uncertain. As the investments are measured at their 31 December 2024 fair values in financial report, any volatility in values subsequent to the end of the reporting period is not reflected in the condensed interim statement of comprehensive income or the condensed interim statement of financial position. However, the current value of investments has been reflected in the current unit price.

No other significant events have occurred since the end of the reporting period which would impact the financial position of the Scheme disclosed in the condensed interim statement of financial position as at 31 December 2024 or on the results and cash flows of the Scheme for the half-year ended on that date.

## **9 Contingent assets and liabilities and commitments**

There were no outstanding contingent assets, liabilities or commitments as at 31 December 2024 and 30 June 2024.

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Scheme and Melbourne Securities Corporation Limited, the Responsible Entity of the Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. - for such internal control as the Directors determine is necessary to enable the preparation of the Condensed Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibilities for the Review of the Condensed Interim Financial Report

Our responsibility is to express a conclusion on the Condensed Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Condensed Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Scheme's financial position as at 31 December 2024 and its performance for the Interim Period ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Condensed Interim Period Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures.
