Q4 2024 ratings (based on most up to date information supplied by the various ratings agencies).

The mapping summarises the relationship between risk ratings and the MyFolio strategies. It should be noted that most risk questionnaires assess an investor's attitude to risk only. As per FCA guidance advisers together with their clients should also consider other factors such as capacity for loss and investment horizon in their decision making.

The mapping may be subject to future changes dependant on the investment performance or composition of the various MyFolio Strategies. The full MyFolio range of funds is rated by RSMR and Square Mile.

Important Information
