

15 February 2023

**Termination of the abrDN Sustainable Australian Equity Fund
ARSN 087 868 264, APIR MGL0114AU (Class A) EQI8433AU (Class P)
On 15 March 2023**

abrDN has conducted a review of its product range and, regrettably, we have decided to close the abrDN Sustainable Australian Equity Fund ('the Fund'). We have determined that given its small size and limited growth opportunities in the short to medium term, terminating the Fund is appropriate and in the best interests of the Fund's unitholders in order to avoid having to address the potentially high costs and inefficiencies associated with the ongoing management of a small fund (which could lead to higher management fees for investors).

We intend to terminate the Fund on 15 March 2023. The Fund will operate as usual until the termination date. We will continue to operate and manage the Fund and its assets during the termination process and we will take appropriate actions which we believe are in the best interests of all unitholders. With this in mind, it may be appropriate to terminate the Fund on an earlier date. We will promptly notify you if this occurs. Please note that applications will no longer be accepted 7 days prior to the termination date to protect the interest of investors when the fund is in sell down. Your investment will not be exposed to market movements for a short period of time before and after the termination date to allow time to calculate the final payments.

Do I need to take any action?

Yes, if you would like to reinvest your funds into another abrDN fund. abrDN offers a number of equities, fixed income and multi-asset funds to investors with more than \$20,000 to invest. If you decide to invest your redemption proceeds from the Fund into any of our other funds, abrDN will pay any transaction costs (being the buy spread on your investment in the other fund) on your behalf. If you are considering investing into one of our Australian equity funds, please note abrDN has announced the intention to establish a strategic partnership with SG Hiscock (SGH) whereby SGH will take over as investment manager of abrDN's remaining Australian equity funds. Please call Client Services if you wish to discuss further.

You are not required to take any action unless you wish to invest your proceeds from the termination into any other fund within the abrDN fund range.

Should you not wish to reinvest, we will pay the proceeds into the bank account you have previously provided for payment of withdrawals and/or receipt of distributions. We anticipate paying these proceeds by 29 March.

If you have not previously supplied your current bank account details, or your bank account details have changed, please advise us as soon as possible. This will ensure that these proceeds can be paid directly to your account.

How do I reinvest?

Further information about our other funds, including copies of the relevant PDSs, are available on our website, www.abrDN.com/au, or by contacting abrDN Client Services. abrDN will continue to manage a range of Global, Asian and Emerging Market Equity Sustainable Funds. Before making a decision to invest, we encourage you to read the relevant PDS and speak to a financial adviser or broker.

To invest in another fund, you simply need to complete the relevant application form (refer to link to website below) and return it to us at the below address (no postage stamp required) by no later than 2pm on **1 March 2023**.

GPO Box 4306

Do I need to complete an Identification and Verification form if I reinvest into another abrdn fund?

You are only required to complete an Identification and Verification form if your name or other information has changed since you made your initial investment into the Fund. The Identification and Verification form can be downloaded from our website, www.abrdn.com/au, or you can request for a copy to be sent or emailed to you by contacting abrdn Client Services.

Can unitholders apply or withdraw from the Fund before the termination date?

Unitholders can withdraw from the Fund at any time in accordance with the withdrawal instructions detailed in the current PDS for the Fund. Normal transaction costs (i.e. a sell spread) will be payable by the unitholder. Unitholders can no longer apply for units from 7 calendar days prior to the termination date, to protect the interests of investors while the Fund is in liquidation and preparing to close.

What are the tax consequences of terminating the Fund?

The termination of the Fund and the payment of your investment proceeds is a tax event. The proceeds you receive may encompass a return of your capital, as well as a component of income and capital gains (similar to a distribution) which may be taxable.

This letter should not be taken as advice and does not take into account your personal financial situation, objectives or needs. Before making a decision about whether or not to remain invested, we strongly recommend that you seek advice from a financial adviser, broker or tax adviser
