

EU Taxonomy disclosure

(Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment)

Unless stated otherwise in the prospectus of the Funds, investments within the Funds do not take into account the EU Taxonomy criteria for environmentally sustainable economic activities. It is however not excluded that the Funds may invest in underlying investments that contribute to climate change mitigation and/or climate change adaptation.

In line with the relevant Fund's sustainable investment objective, Funds marked * in the table below invest in underlying investments that contribute to the UN's Sustainable Development Goals for which, as at the date of this disclosure, no EU criteria for environmentally sustainable economic activities has yet been developed. It is however not excluded that the Funds may invest in underlying investments that contribute to climate change mitigation and/or climate change adaptation.

In line with the relevant Fund's sustainable investment objective, Funds marked ** in the table below invest in underlying investments that contribute to climate change mitigation and/or climate change adaptation. However as at the date of this disclosure, it is not yet possible to commit to the Fund's minimum alignment with the Taxonomy Regulation, as the Investment Manager is currently not in a position to accurately determine to what extent the Fund's investments are in taxonomy-aligned environmentally sustainable activities. When available, this information will be made available in the relevant Fund's prospectus.
