1.1 Information on corporate certifications and undertakings

Corporate investors should be aware that in order to try and ensure that the statutory 10% limit noted below is not breached, the declaration, as applied by the PAIF sets a lower limit of 8%, and requires any corporate breaching that level to reduce their holding to below 8%.

Before being allowed to hold shares in a PAIF, every corporate entity that wants to own shares on its own behalf or for one or more other corporate entities is required to give the following applicable certifications and undertakings:

· Certificate required wherever shares in a PAIF are to be registered in a corporate name

We declare that we will hold:

- · all the shares as beneficial owner (in which case our interest will be less than 10% of the net asset value ("NAV") of the PAIF); or
- all the shares in the PAIF on behalf of one or more persons which are not bodies corporate and/or for one or more registered pension schemes; or
- · some or all of the shares in the PAIF on behalf of one or more other bodies corporate, in which case we further declare that:

The Company is subject to the application of the UK Bribery Act 2010 ("The Act"). You therefore confirm to undertake to comply with all provisions of The Act. In particular, you confirm that you have in place appropriate procedures so as to detect, prevent and deter any form of bribery or corruption in any of your business activities. Anti-Money Laundering and Countering the Financing of Terrorism

Anti-money laundering (AML) legislation requires that we maintain up to date information on your organisation and verify this information is accurate. This may involve an electronic check of information to independent publically available resources or other verification tools.

Except in relation to UK/EU regulated firms, nominees majority owned by an UK/EU regulated firm or a firm listed on a recognised exchange, we are required under the AML legislation to obtain details of beneficial owners or controllers who own or control more than 25% of the voting rights or are entitled to more than 25% of the company's profits. We are also required to establish the identity of any directors, trustees or other controllers. You agree to inform us of any changes to the identity and details of directors, trustees, other controllers and beneficial owners as soon as possible.

We will be required to verify your organisation. With the exception of entities that are listed on a recognised UK/EU exchange or regulated in the UK/EU or an equivalent jurisdiction, we may require certified documents to be sent to us. These documents may include:

- i. Certificate of Incorporation
- ii. Memorandum and Articles of Association
- iii. Trust deed or similar constitutional documents
- iv. Verification of registration with an oversight body (e.g. HMRC)
- v. Identity verification for directors/officers/trustees

Following confirmation of your organisation type, we will write to you to confirm our full list of due diligence requirements. You may however enclose relevant documents that you believe can be used to satisfy our AML requirements when returning this application form. Please note our AML documentation guidelines below if doing so.

We reserve the right to request further information or documentation during the lifetime of the investment in order to meet our AML responsibilities.

We reserve the right to refuse any application to invest if, in our reasonable opinion, we do not obtain sufficient evidence to verify the investor, including beneficial owners.

Failure to provide any documentation requested in respect of any instruction to sell may result in a delay in the realisation proceeds being released.

AML Documentation Guidelines

Please note we only accept original or certified copies. For UK/EEA registered companies, copies may be certified by an authorised signatory or company secretary within the firm. For all other entities, copies must be certified by an independent professional or regulated person subject to the anti-money laundering regulations. Certification must include the signature, name, position and contact details of the person signing and the certification must be dated within the last 6 month period. All documents will be returned as soon as possible.

Explanatory Notes

The following explanatory notes are based on Tax Regulations as implemented in the UK. If you have any questions about your organisation's classification, please contact your tax adviser.

Definitions common to FATCA and CRS

¹ Tax Regulations

The term "tax regulations" refers to regulations created to enable automatic exchange of information and include Foreign Account Tax Compliance Act (FATCA), and the OECD Common Reporting Standard (CRS) for Automatic Exchange of Financial Account Information (AEOI).

² FATCA and CRS

FATCA

The Foreign Account Tax Compliance Act (FATCA) legislation has been introduced by the United States government, to help counter US tax evasion by encouraging better reporting of information. Guidance is issued under sections 1471 to 1474 of the US Internal Revenue Code and the Treasury regulations and thereunder can be amended from time to time. The FATCA regulations came into force in the UK on 15 April 2015 and have been adopted under The International Tax Compliance Regulations 2015.

CRS

Common Reporting Standards (CRS) has been developed by the OECD to help fight against tax evasion around the world. CRS came into force on 01 January 2016 under The International Tax Compliance Regulations 2015.

³ Controlling Persons

The term "Controlling Persons" means the natural persons who exercise control over an Entity. In the case of a trust, such term means the settlor, the trustees, the protector (if any), the beneficiaries or class of beneficiaries, and any other natural person exercising ultimate effective control over the trust, and in the case of a legal arrangement other than a trust, such term means persons in equivalent or similar positions. The term "Controlling Persons" must be interpreted in a manner consistent with the Financial Action Task Force Recommendations.

Control

"Control" over an Entity is generally exercised by the natural person(s) who ultimately has a controlling ownership interest in the Entity. A "control ownership interest" depends on the ownership structure of the legal person and is usually identified on the basis of a threshold applying a risk-based approach (e.g. any person(s) owning more than a certain percentage of the legal person, such as 25%). Where no natural person(s) exercises control through ownership interests, the Controlling Person(s) of the Entity will be the natural person(s) who exercises control of the Entity through other means. Where no natural person(s) is identified as exercising control of the Entity, the Controlling Person(s) of the Entity will be the natural person(s) who holds the position of senior managing official.

- 3.1 The term "tax regulations" refers to the International Tax Compliance Regulations 2015 which implements the Foreign Account Tax Compliant Act (FATCA) and the OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (CRS).
- 3.2 In general, you are tax resident where you are liable to taxes, based on where you live and work permanently although different jurisdictions have different rules in relation to tax residency.
- 3.3 Those countries that have agreed to exchange information under FATCA and CRS.
- 3.4 Please confirm what type of Controlling Person applicable under CRS that applies to you/the investor
