Message from the Company

To Unitholders

Aberdeen Asset Management (Thailand) Limited would like to summarize the Thai market situation, equity and fixed income from period of 1 January 2023 to 31 December 2023 and market outlook for the next period.

Thailand equity market review and outlook

The SET total return index turned from +3.5% in 2022 to end the year with -12.7% return, among the worst performer in the world. Both external and internal factors pressured the market. Externally, Fed rate hikes and stronger than expected US economies had brought fund flow as well as weaker than expected recovery in China had partly brought fund flow out of emerging markets where Thailand was also got affected with net outflow for 2023 reached Bt 192.5 bn, reversal most of the net inflow Bt 202.7 bn in 2022. Domestically, the market was hit by perfect storm from lower than expected export due to global economic slowdown, delay in local public investment and government stimulus both pre- and post- general election in May 2023 and, more importantly earnings downgrade especially across global cyclical-linked sectors and domestic consumption for low-income segment.

Sector wise, only 2 ended with positive returns; Electronics was the best performer (+5.1%) following the global technology companies rally; followed by bank (+3.4%), thanks to strong earnings growth from better than expected net interest margin expansion after BOT hiked monetary policy rate from 1% to 2.5% over the past 12 months. Besides, healthcare posted the least negative return (-5.2%) thanks to strong recovery in both domestic and foreign patients.

Conversely, the worst performing sectors were among media (-32.7%) dragged by weak advertising spending, finance (-27.4%) pressured by rising cost of fund and weakening asset quality especially in low-income segment and petrochemical (-23.1%) dragged by slower-than-expected recovery of Chinese economy

We remain cautiously optimistic in Thai market. 2 key drivers for 2024 that we believe are distinctly positive compared to most of our peers include Thai GDP growth which is expected to be around +2.7-2.8%, higher than last year (+1.8%) led mainly by tourism and private investment, and SET Index's earnings growth which is expected to turn from -7% to +5-7%, based on our estimates. One of the key headwinds for Thai market would continue to be fund outflow which may hinge upon the timing and the magnitude of the Fed's rate cut as well as the recovery pace of Chinese economic recovery. However, we see Thai monetary policy as a tailwind to be able to support the Thai economy with probability of rate cut of 25-50 bps in 2H24 this year.

Valuation wise, SET Index overall looks even more attractive and seems to be more than factored in downside risk of earnings. Now it's trading at forward P/E'24E 14X, almost 20% below its 10- year historical average. In terms of forward earnings yield gap, it's trading at 4.5%, 25% above its 10-year historical average. Hence, we see limited downside from the current index level.

Our investment strategy for the next 6 month continues to focus on investing in quality companies with clear earnings visibility, strong ROE, healthy financial positions and at attractive valuations. We continue to prefer names that would benefit from structural growth in Thailand such as tourism, health and wellness, relocation of global supply chain and selective exporters in food and beverage.

Thai FI market review and outlook

With the resumption of inflation pressure induced by COVID-led factors such as supply chain disruption and resurgence of demand for goods and services as well as US labor market resilience, the Fed had continued tightening monetary policy to keep inflation in check with Fed fund rate rising from the range of 4.25%-4.50% at the beginning of 2023 to 5.25%-5.50% in July 2023, the highest level in 22 years. The Fed maintained the rate unchanged for the rest of 2023 due to signs of cooling inflation as core PCE trended downward to around 3%. Meanwhile, the Fed dot plot indicated three rate cuts in 2024 due to slower growth from tightening impacts but the US economy is likely shifting into a soft landing scenario rather than a recession. Market-wise, during the year, US Treasury yield curve steepened as the market looked into the Fed entering an easing cycle in 2024. While US 10-year yield was nearly unchanged from the 2022 closed level at 3.88%, its two-year yield fell 18bps to 4.25%.

In Thailand, growth continues to recover at a gradual pace underpinned by private consumption, tourism rebound, and export recovery. However, merchandise exports are facing increased challenges from subdued growth in China and a delayed turnaround in global electronic demand. There were more than 28 million foreign tourist arrivals in 2023 (equivalent to 70% of pre-COVID level) and increased from 11 million in the previous year; this was partly supported by temporary visa-free offerings to tourists from China and India in 2H23 but Chinese tourists return remained sluggish. With less-than-expected 3Q23 real GDP at 2.5% due to aforementioned headwinds, Thai economy is now projected to grow only mid-2% in 2023. Similar to other countries, the BOT embarked on monetary policy normalization by raising policy rate from 1.25% to 2.50% in balancing economic growth and maintaining price stability. The BOT governor indicated that the current policy rate is deemed neutral while hinting a long pause of rate for the time being. Market-wise, ThaiGB yield curve steepened post-government formation with long-term bonds were sold off meaningfully due to fear of supply risk emerging from Digital Wallet program. However, after reaching its calendar-year peak at 3.39%, Thai 10-year yield collapsed afterward toward year-end to 2.70% following the consolidation of US Treasury yields and the delayed launch of Digital Wallet handout scheme. While 10-year yield increased only 5bps from a year

ago, two-year yield rose sharply by 71bps to 2.34%. In 2023, foreign investors reduced ThaiGB holdings by THB144bn, reversing THB47bn net inflows in 2022. Local credit performance remained healthy with three-year credit spreads across high-quality issuers (BBB+ and above) tightened 5-17bps over the year. Refinancing risk is well-contained due to excessive market liquidity and sound investors' confidence.

We are more bullish on durations in ThaiGB market. The split 5-2 MPC decision (two dissenters called for a 25bps rate cut) in February meeting suggests an increased likelihood of BOT easing in coming meetings. The BOT has also revised real GDP forecast in 2024 downward to 2.5%-3.0% from 3.2% in an earlier assessment. In an absence of sizable fiscal impulse with Digital Wallet program highly likely to be delayed, a disappointing growth outlook, and a benign inflation outlook, monetary policy easing may be needed to restore growth to a potential level. We expect the curve to move in a bull-flattening bias in the medium term. Since the market has somewhat priced in rate cut(s) as seen by the falling short-term bond yields and swap rates, we expect a more bullish tone in long-duration ThaiGB going forward in response to a weaker growth outlook. Key risks to our positioning comprise i) reversal of market expectation on aggressive Fed rate cuts, ii) Digital Wallet program implementation, and iii) better-than-expected growth recovery

Asia Pacific market review and outlook

Over the final quarter of 2023, Asian markets staged a solid showing, with the bulk of the strength coming from a strong December after the US Federal Reserve kept its policy rate unchanged and even signalled potential rate cuts in 2024. This boosted sentiment despite prevailing concerns about China's weak economic data and draft regulations on online gaming that unsettled mainland markets. Across Asia, the markets in South Korea and Taiwan were among the strongest performers owing to gains by technology heavyweights amid positive third-quarter results and guidance, while China was the weakest market in the region over the quarter. Elsewhere, Indian stocks performed well on the back of positive state election outcomes for the Modi government and the Reserve Bank of India (RBI) raising its 2024 GDP growth forecast. The RBI also left its key policy rate untouched, along with central banks in Taiwan and the Philippines, as they adopted a wait-and-see stance heading into 2024. Australian stocks were among the strongest performers as a fall in bond yields lifted the real estate and healthcare sectors.

Cautious optimism is taking root in Asian equities after a difficult 2023. This is given expectations of a peaking of US interest rates and US dollar strength. Another positive is that the Asian technology sector is coming out of its trough. As AI-related apps and chips start to proliferate, rising demand will boost the semiconductor and consumer electronics segments. In China, we are seeing some green shoots of recovery, and we remain hopeful of a consumer recovery.

Growth in Asia outside of China has been more resilient, particularly in India where the economy is in the early stages of a cyclical upswing. More broadly, geopolitics in 2024 bears watching given elections in Taiwan (January), Indonesia (February) and India (April) and the US (November). Asian valuations remain attractive versus markets like the US, along with expectations of better earnings performance in the fourth quarter and early 2024. We remain focused on ensuring our conviction is appropriately reflected in our positioning. Therefore, we continue to favour quality companies with solid balance sheets and sustainable earnings prospects that can emerge stronger in tough times. We are finding the most attractive opportunities around these structural themes: 'Aspiration', 'Building Asia', 'Digital Future', 'Going Green', 'Health & Wellness' and 'Tech Enablers'.

Global market review and outlook

Global equity markets ended the quarter notably higher, supported by reduced inflationary pressures in most developed economies following a prolonged period of monetary tightening. The improved backdrop means that major central banks are close to the end of the rate-hike cycle. Nevertheless, they remain determined to keep inflation under control for now. Also, while economic data has generally been more robust than was feared, the risk of a global recession remains. In particular, investors continued to be concerned about the weak outlook for the Chinese economy – especially the country's property sector – and the implications for global economic growth. The ongoing wars in Ukraine and the Middle East are other key risks.

US equities ended markedly higher. Large technology companies fared especially well as they benefited from their exposure to the fast-growing area of artificial intelligence, with lower bond yields providing an additional tailwind for the sector. Inflationary pressures continued to ease over the quarter following a succession of interest-rate increases from the US Federal Reserve (Fed) since early 2022. In particular, the central bank's favoured measure of inflation, the core Personal Consumptions Expenditures Price Index, fell from an annual rate of 3.4% in October to 3.2% in November, which was lower than expected, but remained above the 2% target. The Fed kept the target range for the fed funds rate at a 42-year high of 5.25–5.50% over the period but, at its December meeting, signalled three rate cuts in 2024, with more easing to come over 2025 and 2026. The yield on 10-year Treasuries ended the quarter about 80 basis points (bps) lower at around 3.9%.

European equities rose over the quarter. Annual inflation rose from 2.4% in November to a lower-than-expected 2.9% in December (with the core rate declining from 3.6% to 3.4%, as expected) but remained above the European Central Bank (ECB)'s 2% target. Therefore, the ECB kept its main refinancing operations rate at a 22-year high of 4.5% over the quarter. The HCOB Eurozone Composite Purchasing Managers Index remained below 50 over the quarter, translating into a contraction in business activity (led by weakness in the region's manufacturing sector). Meanwhile, the yield on 10-year German Bunds ended the quarter about 90 bps lower at around 2.0%.

In the Asia Pacific region, Japanese equities edged up over the quarter. Despite annual core inflation of 2.5% in November remaining above the Bank of Japan (BoJ)'s 2% target, the BoJ still has a relatively dovish monetary policy stance compared with other major central banks. However, the yen appreciated over the quarter, weighing on exporters, on hopes that the BoJ could soon change its stance and start raising rates.

Macroeconomic factors remain at large, with investors scrutinising the latest data and making predictions as to when a pause or pivot in the direction of interest rates might occur. Recessionary concerns are all too present as global growth stagnates against a backdrop of elevated inflationary pressures. Geopolitical pressures have escalated globally after the recent events in Israel and Gaza. Our focus remains at the stock level, ensuring the portfolio is diversified and robust enough to preserve capital in periods of market weakness. We aim to have exposure to high-quality businesses with the financial strength to withstand volatility, underpinned by strong structural drivers for long-term growth and share-price appreciation. Core to our process is the identification – and the appropriate sizing within a portfolio – of businesses that enjoy high rates of return, alongside opportunities to reinvest capital at accretive rates going forward. We believe the successful execution of this approach will lead to meaningful long-term outperformance.

European market review and outlook

European equities recovered over the quarter as hopes rose that interest-rate cuts could materialise in 2024 as datapoints pointed to further declines in inflation in the final months of the year, driven by falls in commodity and oil prices. This culminated in evidence that annual inflation in the eurozone fell faster than expected to 2.4% in December, compared with 4.3% at the end of the previous quarter. Therefore, investors became increasingly optimistic that central banks on both sides of the Atlantic may be able to engineer a 'soft landing' from the current period of tightened monetary policy. However, whether this soft landing is possible remained a hot topic of debate as the impact of higher borrowing costs continued to be felt, with business activity in the bloc contracting further over the period.

UK equities also advanced thanks to greater-than-expected falls in the rate of inflation and the prospect of a reversal of the Bank of England's (BoE's) programme of monetary tightening. However, UK large-cap share prices underperformed markets in Europe and the US as a result of weakness in oil and commodities. Although the BoE kept the base rate on hold throughout the quarter, markets priced in at least one rate cut in the first three months of 2024. Private-sector activity expanded for a second consecutive month in December, led by growth in services. However, UK GDP declined in October and full-year figures were expected to come in below earlier forecasts.

Volatility is a key feature of markets as we reach the end of the rate-hiking cycle, particularly one where the pace and quantum has been marked but where the impact on the real economy is still unclear – and perhaps

yet to be fully felt. Investor debate has turned to focus on the timing and quantum of future rate cuts in light of often conflicting economic datapoints, particularly at a time when we are seeing the US economy defy expectations and surprise positively, while Europe and China grapple with a more challenging backdrop. We therefore believe the outlook for the global economy and for corporate earnings remains fragile. In this context, although estimates for the European market have come down, expectations for mid to high single-digit earnings growth for 2024 look overly optimistic, with the full lag effect of monetary tightening still to come. As such the likelihood of a downward revision of corporate-earnings estimates in the next few quarters is still high, even if we do see a relatively soft landing.

Our strategy is unchanged. Our focus remains on what we can control – researching, engaging with and investing in great companies at attractive prices. We may not know exactly how the economic or geopolitical landscape will unfold, but we do know that our companies are in a strong position to deliver superior earnings growth with high returns on capital and strong sustainability credentials. We will remain alive to the unfolding risks and opportunities, and, as the external environment changes, we will continue to look to adapt the portfolio's positioning accordingly.

Emerging market debt review and outlook

The performance of emerging markets (EMs) improved over the fourth quarter to end 2023 with a strong rally. After a weak October, November and December saw robust performance, supported by data reinforcing hopes of a soft landing, and dovish central bank comments. The US economy continued showing signs of resilience with the unemployment rate declining to 3.7% in November and the third quarter annualised GDP growth being revised 0.3% higher to 5.2%. Headline inflation continued the downward trend in November at 3.1% versus 3.2% in October. Meanwhile, the US 10-year Treasury yield decreased to 4.33% in November from its peak of over 5.0% in October, a level not seen since 2007, eventually ending the year where it started at 3.88%. Globally, the biggest news story this quarter was the attack by Hamas on Israel in October, with concerns over the potential of a broader escalation in the Middle East.

In hard-currency debt, the JP Morgan EMBI Global Diversified Index returned 9.16% over the quarter, with spreads tightening by 47 basis points (bps) to 384bps. By country, top performers included Argentina, Pakistan, Tunisia, Egypt and Kenya, while Lebanon, Bolivia, Ukraine, Ecuador and Ghana were among the weakest.

December was a strong month for risk assets across the market. While EM mostly benefited from the move in US Treasuries, spreads also rallied as hopes of a soft landing continued to build. The probability of a US recession in the next year stands at 50%, according to Bloomberg. A dovish US Federal Reserve (Fed), with the median dot plot now indicating 75bps of cuts in 2024 (versus 50bps in the September projection, although

from a higher peak), and the end of US growth exceptionalism could be beneficial for EM as the gap between EM and developed-market (DM) growth widens. We continue to see value in the high yield and frontier space where spreads and yields look attractive. However, we remain cautious where countries have challenging amortisation schedules and a significant need for market access, given higher financing costs. The 'Goldilocks' scenario for EM combines the current rate path for the Fed, resulting in slower US growth and a weaker US dollar. The two scenarios that could lead to a risk-off environment would be a higher terminal rate if inflation remains elevated, or markedly lower bond yields due to financial stability risks.

Emerging market equities review and outlook

Emerging market equities faced an extremely challenging environment but ended the year on a relatively strong note in the fourth quarter. However, they lagged developed markets despite the recovery in absolute performance. Even with inflation relatively under control and with some emerging market central banks moving to cut interest rates early, the asset class failed to attract significant inflows. Investor sentiment took a hit throughout the year due to the slower-than-expected pace of economic recovery in China.

Expectations are mounting that major central banks, including the US Federal Reserve (Fed), could start reducing rates in 2024 as inflation has remained relatively benign. Meanwhile, China continued to introduce more proactive policies to help its economy, particularly the troubled real estate sector. Green shoots of a prolonged economic recovery emerged, but investors remained on the sidelines, waiting for a more sustainable and meaningful rebound.

The outlook for emerging markets remains encouraging. With inflation near target levels in many parts of emerging markets, we are at the early stages of a monetary easing cycle – ahead of the Fed, which is widely expected to start cutting rates in 2024.

While early signs are pointing to a slowdown in the US economy, China's gradual consumption recovery is still underway. The Chinese government remains committed to support growth through widespread policy support, including measures to stabilise the property sector and restore confidence. Meanwhile, India continues to be an emerging star, underpinned by a robust domestic economy ahead of its general parliamentary elections later this year, where the market expects the incumbent government to retain power, thus ensuring policy continuity.

Broadly, emerging market valuations remain undemanding, both relative to history and versus the US.

Our companies are, on the whole, delivering results, which we believe will be rewarded by the market. We expect our more domestic-oriented positions in China, which weighed on performance in 2023, to do better

as the economy stabilises and recovers. The portfolio remains focused on businesses with discernible quality characteristics, including sustainable free cash flow generation and earnings growth, pricing power and low debt levels.

China market equities review and outlook

Broad Chinese stock markets declined over the fourth quarter. The review period began with share prices dented by ongoing investor outflows despite the economy showing signs of recovery. Meanwhile, the Chinese government announced that it planned to issue RMB 1 trillion of special Treasury bonds to support local infrastructure, which was a step up in its efforts to boost the wider economy.

As we moved into November, Chinese stock markets initially recovered on rising expectations of a US Federal Reserve interest-rate cut and optimism surrounding policy support for the property sector. However, most of these gains were erased towards the end of the month when disappointing fourth-quarter guidance, particularly from large e-commerce companies, affected investor confidence.

Elsewhere, November also saw a meeting between President Biden and President Xi, which was viewed as a positive development towards stabilising the Sino-US relationship, with joint announcements on environmental protection and more regular military contact.

Towards the end of the review period, sentiment remained cautious amid weak economic data and draft regulations on online gaming. That said, recent policy measures sent a strong signal to investors that the government was intensifying its efforts to prop up the economy and stabilise the property market. This bodes well for share prices in 2024, especially with valuations sitting at a historical low.

We continue to see long-term opportunities in the five themes of aspiration, wealth, digital, health and green. During the quarter, we tightened the Fund's quality characteristics, increasing its exposure to companies with higher earnings visibility.

Notwithstanding potential election-related turbulence, we remain constructive about a market recovery. Entering 2024, we expect some tailwinds, including more grounded market expectations of fundamentals, such as valuation levels, and an end to the destocking process across China's economy.

India market equities review and outlook

Indian equities capped off the quarter on a strong note, outperforming the Asia Pacific ex-Japan region, global emerging markets as well as developed markets. The MSCI India Index rose 11.98% in US dollar terms,

with all sectors registering gains. For the full year, the Indian equity market delivered significantly better returns than emerging markets and Asia Pacific ex-Japan, trailing only developed markets.

Global investor sentiment was dominated by growing anticipation of rate cuts from major central banks in 2024, including the US Federal Reserve. The Reserve Bank of India (RBI) has maintained interest rates at 6.5% since February 2023 as domestic inflation worries have ebbed since then. Consumer prices for November rose from 4.87% to 5.55% due to higher food prices but remained within the RBI's target range.

India is also gearing up for its national parliamentary elections that is set to take place between April and May 2024. The market expects Prime Minister Narendra Modi to win another term and continue with his economic and reforms agenda. This follows a strong showing from Modi's party in three recent state elections.

India's economy is in the early stages of a cyclical upswing. India is one of the fastest-growing countries in the world, supported by a resilient domestic macro environment. Government policy remains supportive with sufficient fiscal discipline.

Inflation eased in recent months to within the Reserve Bank of India's tolerance range, and the central bank has stayed on the sidelines since February 2023 when it last raised interest rates. The Fund's consumer holdings that were buffeted by inflationary cost pressures have started to see margin improvements. We will also monitor the growth of government spend in the current election year.

In a stark contrast to other major emerging markets, India's real estate sector is seeing strong growth, particularly in the residential segment. Meanwhile, Indian private sector banks remain fundamentally strong, with healthy balance sheets and upward credit growth. There is also a public capex push to support growth and create more jobs, and eventually spur private capex.

All of this is helping to sustain attractive earnings growth and a recovery in return on equity. We have repositioned the portfolio by adding new names and topping up existing ones to take advantage of ongoing growth trends.

India still faces near-term risks, most of which are external. These include potentially higher global energy prices, a slowdown in the world economy and possible volatility in the run up to the 2024 parliamentary elections.

Nonetheless, we expect our core quality holdings to continue to deliver resilient compounding earnings growth over the medium term, come what may in terms of macro conditions. The portfolio's consistency of earnings growth remains healthy and the fundamentals of our holdings, including pricing power, strong balance

sheets and the ability to sustain margins, remain solid. We maintain confidence in the experienced management of these companies.

Japan market equities review and outlook

Japanese equities rose in the fourth quarter, as investors globally grew more optimistic on equities. The Bank of Japan (BoJ) kept interest rates unchanged throughout the period. Early in the period, it loosened its yield curve control mechanism to up to 1% from 0.5%, defining it as an 'upper bound' instead of a firm limit. BOJ governor Kazuo Ueda initially struck a dovish tone but later mentioned the possibility of rate increases, given the rising likelihood of Japan hitting its 2% inflation rate target. Meanwhile, Prime Minister Fumio Kishida met business and labour leaders urging them to agree on larger pay increases in 2024 than in 2023. The government and the BoJ both emphasised that higher wages are needed to overcome the cost-of-living crisis, which has eroded households' purchasing power amid rising energy and food prices. The core consumer price index undulated through the period, reading 2.8% year-on-year in September, 2.9% in October and 2.5% in November. The yen strengthened to close the year around ¥141 to the US dollar. December's au Jibun Bank Flash Japan Composite Purchasing Managers' Index report showed Japan in growth, thanks to rising sentiment in the services sector, although manufacturing activity slipped further into contractionary territory.

As we enter the New Year, the global outlook remains just as opaque. The world is beset with multiple geopolitical risks, with extended conflicts and upcoming elections throughout the year. Concerns remain of more persistent inflation and a sharper-than-expected downturn in the global economy. In Japan, political instability could hinder further structural reforms or normalisation of policies. Most recently, the recent earthquake has raised expectations of a possible delay in tightening of the BOJ's monetary policy.

However, focusing on the broader outlook would mask the positive structural changes taking place within Japan. Most notably, we believe the deflationary mindset in Japan is gradually going away. Higher prices are becoming more entrenched in Japan, resulting in a firmer domestic outlook for companies. This is in contrast to the recent past, when rising costs could not be fully offset by passing on higher prices to end customers. Meanwhile, a shortage of labour is putting upward pressure on wages, raising the possibility of the economy entering a virtuous cycle of growth. Geopolitics is also putting Japan in the spotlight; 'friend-shoring' has led to rising investment from global semiconductor companies within the country. These all bode well for the prospects of Japan's companies and its economy.

It is also encouraging that Japanese corporates continue to place a strong emphasis on profitability, alongside the return of excess capital to shareholders. This has been accelerated by the Tokyo Stock Exchange's proposals for reforms. Increasingly, companies have embraced measures such as return on invested capital and return on equity, and they have been divesting assets that do not meet their hurdle rates.

Companies are also setting targets on reducing cross shareholdings and using these proceeds to reinvest in their businesses or to reward shareholders. Alongside a backdrop of weaker growth, we believe it is important to focus on companies with firm fundamentals that are also embracing these changes, which will allow them to better tackle this challenging period and, over time, outperform their peers.

US Smaller Companies market equities review and outlook

US small caps ended notably higher over the quarter, outperforming the broader US equities asset class. Investors were encouraged by a sustained fall in US inflation, with the US Federal Reserve (Fed) confirming that it was now near to the end of its rate-tightening cycle. A resilient and robust domestic economy has kept core inflation above the Fed's 2% target. However, the steady decline in core inflation and the modest softening of the labour market allowed the central bank to take a more dovish stance. The Fed expected three rate cuts in 2024, with further easing to come in 2025 and 2026. This outlook aligned more closely with investors' expectations. That said, the Fed aimed to keep policy restrictive and intended to proceed carefully for now, waiting for more transparency over underlying trends. Otherwise, US corporates' third-quarter reporting season has been encouraging. For the first time since the third quarter of 2022, companies were now expected to record a year-on-year earnings increase in aggregate.

US economic growth has been resilient, benefiting from several factors such as unwinding supply-chain pressures, falling energy prices and higher productivity growth. However, with tighter credit conditions and greatly reduced household savings, the abrdn view remains that a mild recession in the middle of 2024 is likely.

Still, the outlook for small cap stocks remains positive, notwithstanding the robust rally in the fourth quarter. Firstly, small cap stocks trade at a significant discount compared to their larger counterparts. We expect a broadening out of the market away from the 'Magnificent Seven' as investors grow more confident in the direction of the Fed's rate policy. Moreover, corporate balance sheets are flush with cash, often triggering merger and acquisition activity, with smaller companies historically benefiting as a result. Higher quality companies continue to be inexpensive relative to lower-quality companies, which is a core investment tenant of the small cap strategy. Finally, for the first time in two years, earnings are expected to show positive year-over-year growth.

From a top-down perspective, there are several variables in 2024 which have the potential to shape markets. Not least, politics, which return to centre stage as more than 70 countries go to the polls, representing over half the world's population and almost two thirds of global market cap. More than usual, policy actions globally will play an important role in determining market outcomes.

In terms of monetary policy, the direction of interest rates is clearer now, and is an area where we could see meaningful geographic disparity. Slowing economic growth, US fiscal deficit concerns and the rising cost of debt servicing are supportive of rate cuts in the US. Likewise in Europe and the UK. However, the pace at which inflation moderates and the sustainability of growth are both factors worth monitoring and may temper consensus' aggressive interest rate forecast. Whether inflation returns to pre-pandemic levels is uncertain given near-term pressures in the shipping market as both the Panama and Suez canals face issues as well as longer-term changes to labour markets. Growth drivers, too, bear watching.

Outside of the US and Europe, there is scope for emerging market countries to cut rates more than in developed markets as inflation has been held in check to a greater degree. Japan, being the exception, may raise rates. These differences in rate policy are already reflected in currency moves and are likely to influence investment returns further. One final area to mention regarding policy is China. The outlook is highly dependent on government stimulus; therefore, China's market remains somewhat unpredictable for 2024. As always, how these measures play out at the stock level is key. Encouragingly returns are once again driven by stock specific factors and conditions are favourable for quality, growth stocks.

From an asset class perspective, we note that small-caps have outperformed large-caps since Powell's speech at the end of October, indicating peak rates. We expect this outperformance to continue as the valuation discount for small caps relative to large caps remains extended and small caps typically perform better in a recovery cycle.

Lastly, The Company appreciates your continued trust and investing in our funds. We hope this annual report will provide you the valuable data for your investment.

About the Fund

Investment Policy

This Fund will invest in securities or assets as permitted by the SEC to be invested by a money market fund (e.g. deposits, fixed income instruments, investment unit of a money market fund). All securities and assets invested by the fund shall have the portfolio duration less than or equal to 92 days. The deposits and fixed income instruments shall have either the first two categories for short term credit ratings or first three categories for long term credit ratings and shall mature at call or within 397 days from the investment date.

The fund aims to outperform the benchmark.

Dividend Policy

No dividend payout, income reinvested.

Mutual Fund Supervisor Report

To: Unit holders of abrdn Cash Creation Fund

Whereas Citibank, N.A. Bangkok, the Mutual Fund Supervisor of abrdn Cash Creation Fund which is managed by Aberdeen Asset Management (Thailand) Limited has performed duties as the Mutual Fund Supervisor for the period beginning 1 January 2023 to 31 December 2023.

We have prepared this report base on given sources of information as of the date hereof and believed by us to be reliable, but we does not warrant the accuracy or completeness of the same and expressly disclaims liability for any error or omission (including any third party liability). There can be no assurance that future event or results will be consistent with any such report. Neither us nor any of its directors, employees or agents guarantees the repayment of capital, the performance or the distribution of the funds and be liable for any loss as a result of any action or omission made in reliance of this report.

In our opinion, Aberdeen Asset Management (Thailand) Limited has performed its duties in managing the Fund correctly and appropriately according to the objectives specified in the Fund management project, which was approved by the Office of the Securities and Exchange Commission and under the Securities Exchange Act B.E. 2535.

ABRDN CASH CREATION FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Cash Creation Fund

Opinion

I have audited the financial statements of abrdn Cash Creation Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Cash Creation Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

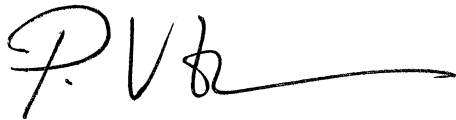

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN CASH CREATION FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Cash Creation Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 9 April 1998. At present, the Fund has the registered value of Baht 7,500 million (divided into 750 million investment units at Baht 10 each.). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended money market fund with no stipulated project life. The objective of the Fund is to invest in debt instruments and/or deposits.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Debt securities are presented at fair value, using the price or the yield rate from the Thai Bond Market Association on the date of investment measurement.
- The Fund uses the amortised cost method to determine the fair value of debt instruments due within 90 days since the date of investment without any term for renewal when the fair value of the debt instruments is not significantly different from the amortised cost.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

The premium (discount) on debt instruments is amortised by the effective interest rate method. The amortised amount is presented as an adjustment of the interest income.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	2,705,726,717.20	2,675,578,450.13
Sales of investments	2,856,427,396.40	2,661,466,847.55

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	1,337,276.82	1,451,678.90	The basis stated in the prospectus
Registrar fee	401,183.09	435,503.67	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Debt instruments	-	527,499,773.77	-	527,499,773.77

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Debt instruments	-	670,478,668.99	-	670,478,668.99

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investment-grade government and corporate debt instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>

Other liabilities	-	-	5,065.76	5,065.76

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in debt instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 25 January 2024.

abrdn Income Creation Fund

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions and relevant risks before making investment decision.
Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision
by the parent company to comply with law.

ABRDN INCOME CREATION FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Income Creation Fund

Opinion

I have audited the financial statements of abrdn Income Creation Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Income Creation Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN INCOME CREATION FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR END 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Income Creation Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 27 June 2012 with the registered value of Baht 2,000 million (divided into 200 million investment units at Baht 10 each.). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 2 classes as follows:

1. General investors class suitable for general investors.
2. Super savings fund class suitable for investors who want tax benefits to promote long-term savings of investors.

At present, the Fund has open only the general investors class.

The Fund’s policy is to invest in fixed income instruments issued by the government sector and/or bank deposits and/or corporate debentures/fixed income instruments.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Debt securities are presented at fair value, using the price or the yield rate from the Thai Bond Market Association on the date of investment measurement.

- The Fund uses the amortised cost method to determine the fair value of debt instruments due within 90 days since the date of investment without any term for renewal when the fair value of the debt instruments is not significantly different from the amortised cost.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

The premium (discount) on debt instruments is amortised by the effective interest rate method. The amortised amount is presented as an adjustment of the interest income.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	164,855,090.09	173,876,846.66
Sales of investments	204,481,753.52	176,787,503.56

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	340,794.40	423,149.03	The basis stated in the prospectus
Registrar fee	113,598.04	141,049.70	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	25,351.06	37,174.31
Accrued registrar fee	8,450.39	12,391.44

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received from sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active markets for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht				
As at 31 December 2023				
Level 1	Level 2	Level 3	Total	
<u>Assets</u>				
Debt instruments	-	89,412,385.53	-	89,412,385.53

Baht				
As at 31 December 2022				
Level 1	Level 2	Level 3	Total	
<u>Assets</u>				
Debt instruments	-	129,087,488.44	-	129,087,488.44

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investment-grade government and corporate debt instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

Baht				
Outstanding balance of net financial instruments as at 31 December 2023				
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	65,502,496.56	23,909,888.97	89,412,385.53
Cash at banks	2,320,135.67	-	-	2,320,135.67
Accounts receivable from interest	-	-	273,825.12	273,825.12
Other assets	-	-	4,800.00	4,800.00
<u>Financial Liabilities</u>				
Accrued expenses	-	-	82,746.60	82,746.60
Accrued income tax	-	-	41,073.77	41,073.77
Other liabilities	-	-	1,055.70	1,055.70

Baht				
Outstanding balance of net financial instruments as at 31 December 2022				
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	78,156,143.62	50,931,344.82	129,087,488.44
Cash at banks	6,284,040.12	-	-	6,284,040.12
Accounts receivable from interest	-	-	236,031.60	236,031.60
Other assets	-	-	4,800.00	4,800.00
<u>Financial Liabilities</u>				
Accrued expenses	-	-	100,896.26	100,896.26
Accrued income tax	-	-	33,331.04	33,331.04
Other liabilities	-	-	1,492.92	1,492.92

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in debt instruments. The returns on investment fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operation of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 23 January 2024.

abrdn Thai Equity Dividend Fund

Annual Report

ABRDN THAI EQUITY DIVIDEND FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Thai Equity Dividend Fund

Opinion

I have audited the financial statements of abrdn Thai Equity Dividend Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Thai Equity Dividend Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN THAI EQUITY DIVIDEND FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Thai Equity Dividend Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 4 July 2003. At present, the Fund has the registered value of Baht 3,000 million (divided into 300 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life. The Fund invests in medium and long term investments in securities of companies of high growth potentials or possessing good fundamentals. The net exposure of investments in equity instruments will not be less than the average of 80% of the net asset value of the Fund in any accounting period.

The Fund has a policy to pay dividends with the procedures as specified in the prospectus.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Listed securities in marketable equity securities are presented at fair value, using the latest closing price on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Distributions

The Fund records decrease of retained earnings on the notifying date of dividend payment declaration.

Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

Expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	28,460,071.30	45,043,759.73
Sales of investments	30,446,763.43	50,078,214.91

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	1,277,279.11	1,328,398.76	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	101,189.40	108,266.85
Accrued registrar fee	6,360.49	6,805.33

6. DISTRIBUTIONS

For the years ended 31 December 2023 and 2022, the Fund paid dividends as follows:

(Unit : Baht)		
<u>The Closing Date of Registered Book</u>	<u>Per Unit</u>	<u>Total</u>
14 September 2023	0.07	1,037,113.09
14 June 2023	0.13	1,914,746.39
15 March 2023	0.13	1,837,628.86
16 September 2022	0.04	584,758.21
17 June 2022	0.08	1,179,472.47

7. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht			
As at 31 December 2023			
Level 1	Level 2	Level 3	Total
<u>Assets</u>			
Equity instruments	64,886,621.82	-	64,886,621.82

Baht			
As at 31 December 2022			
Level 1	Level 2	Level 3	Total
<u>Assets</u>			
Equity instruments	66,870,501.50	-	66,870,501.50

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equity instruments. The Fund does not adjust the quoted price for these instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

Baht			
Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No
	Interest Rate	Interest Rate	Interest Rate
			Total
<u>Financial Assets</u>			
Investments at fair value	-	-	64,886,621.82

Accrued income tax	-	-	18.51
Other liabilities	-	-	3,022.78

Baht			
Outstanding balance of net financial instruments as at 31 December 2022			
	Floating	Fixed	No
	Interest Rate	Interest Rate	Interest Rate
			Total
<u>Financial Assets</u>			
Investments at fair value	-	-	66,870,501.50
Cash at banks	2,550,253.22	-	-
Accounts receivable from interest	-	-	164.04
<u>Financial Liabilities</u>			
Accounts payable from			
purchases of investments	-	-	323,767.27
Accrued expenses	-	-	183,836.68
Accrued income tax	-	-	24.61
Other liabilities	-	-	3,782.78

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in equity instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

8. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 15 February 2024.

abrdn Value Fund

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions, and relevant risks before making investment decision.

The fund will not invest instrument denominated in foreign currency.

Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision
by the parent company to comply with law.

The benchmark is effective from 1 Jan 2020. Please see details of fund benchmark changes at company website. Changing the benchmark to measure the performance at the beginning period may rise the fund performance when comparing the benchmark because some fixed income instruments invested by the fund do not have tax obligations. While the new benchmark is calculated from the assumption that all fixed income securities are taxed. Past performance/performance comparison relating to a capital market product is not a guarantee of future results.

The fund performance document is prepared in accordance with AIMC standards.

ABRDN VALUE FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Value Fund

Opinion

I have audited the financial statements of abrdn Value Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Value Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN VALUE FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Value Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 13 November 2003 with the registered value of Baht 2,000 million (divided into 200 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended mixed fund and not intend to maintain its fund ratio, with no stipulated project life. Its policy is to invest in or hold equity, hybrid and debt securities issued by government, state enterprise and private companies and debt instruments offered overseas. Investments by the Management Company will comply with the criteria promulgated by the SEC, provided that the fund manager will, from time to time, adjust investment strategy to fit the circumstances, practically with a view to the interest of unitholders.

The Fund's policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Listed securities in marketable equity securities are presented at fair value, using the latest closing price on the date of investment measurement.
- Debt securities are presented at fair value, using the price or the yield rate from the Thai Bond Market Association on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

The premium (discount) on debt instruments is amortised by the effective interest rate method. The amortised amount is presented as an adjustment of the interest income.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	196,940,129.67	181,258,027.86
Sales of investments	203,279,024.46	220,283,398.02

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	3,820,691.10	4,048,736.89	The basis stated in the prospectus
Registrar fee	382,069.12	404,873.71	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	309,527.44	330,548.71
Accrued registrar fee	30,952.75	33,054.89

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	118,174,543.46	-	-	118,174,543.46
Debt instruments	-	217,859,558.28	-	217,859,558.28

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	123,773,888.05	-	-	123,773,888.05
Debt instruments	-	217,872,344.22	-	217,872,344.22

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equity instruments. The Fund does not adjust the quoted price for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investment-grade government and corporate debt instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>

Accrued income tax	-	-	76,394.22	76,394.22
Other liabilities	-	-	11,202.80	11,202.80

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in equity and debt instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 1 March 2024.

abrdn Growth Fund

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions and relevant risks before making investment decision.
Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision
by the parent company to comply with law.

About the Fund

Investment Policy

The Fund will mainly invest, with net exposure at least 80% of its NAV, in average, in any accounting period, in equity or equity related securities or assets of potential high growth or good fundamental companies for medium to long-term investment, and at least 50% of the Fund's NAV will be invested in shares of listed companies whereby the rest will be invested in other financial instruments.

The fund aims to outperform the benchmark.

Dividend Policy

No dividend payout, income reinvested.

ABRDN GROWTH FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Growth Fund

Opinion

I have audited the financial statements of abrdn Growth Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Growth Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN GROWTH FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR END 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Growth Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 18 July 1997 with the registered value of Baht 5,000 million (divided into 500 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life. The Fund invests in equity securities. The Fund has to invest in stocks at average in each accounting period not less than 80% of the Fund’s net asset value, 50% of which will be stocks of companies listed on the Stock Exchange of Thailand. The remaining portion will be investments in other financial instruments.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Listed securities in marketable equity securities are presented at fair value, using the latest closing price on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

Expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	572,798,788.93	848,838,391.10
Sales of investments	739,714,174.05	1,041,841,834.99

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	43,281,584.63	48,973,010.49	The basis stated in the prospectus
Registrar fee	2,720,556.73	3,078,303.54	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	3,310,042.06	4,044,547.44
Accrued registrar fee	208,059.77	254,228.73

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	2,082,573,781.54	-	-	2,082,573,781.54

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	2,543,698,192.30	-	-	2,543,698,192.30

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equity instruments. The Fund does not adjust the quoted price for these instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	2,082,573,781.54	2,082,573,781.54

sales of investment units	-	-	2,461,506.32	2,461,506.32
<u>Financial Liabilities</u>				
Accounts payable from				
redemption of investment units	-	-	1,168,856.46	1,168,856.46
Accrued expenses	-	-	4,462,626.79	4,462,626.79
Accrued income tax	-	-	1,410.82	1,410.82
Other liabilities	-	-	121,735.07	121,735.07

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in equity instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 23 February 2024.

abrdn Smart Income - Retirement Mutual Fund

ABRDN SMART INCOME RETIREMENT MUTUAL FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Smart Income Retirement Mutual Fund

Opinion

I have audited the financial statements of abrdn Smart Income Retirement Mutual Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Smart Income Retirement Mutual Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN SMART INCOME RETIREMENT MUTUAL FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Smart Income Retirement Mutual Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 12 November 2002 with the registered value of Baht 2,000 million (divided into 200 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life. The Fund has to invest in government bonds or state enterprise bonds and/or other debt instruments guaranteed by the Ministry of Finance at average in each accounting period not less than 50% of the Fund’s net assets value. If the Fund invests in debt instruments trade in overseas market, the Management Company will invest according to the notification of the SEC.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Debt securities are presented at fair value, using the price or the yield rate from the Thai Bond Market Association on the date of investment measurement.
- The Fund uses the amortised cost method to determine the fair value of debt instruments due within 90 days since the date of investment without any term for renewal when the fair value of the debt instruments is not significantly different from the amortised cost.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

The premium (discount) on debt instruments is amortised by the effective interest rate method. The amortised amount is presented as an adjustment of the interest income.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	1,556,316,771.37	1,363,172,964.58
Sales of investments	1,559,719,726.30	1,360,007,651.40

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	2,060,991.12	2,073,867.17	The basis stated in the prospectus
Registrar fee	515,247.81	518,466.80	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	176,123.32	178,048.37
Accrued registrar fee	44,030.83	44,512.05

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Debt instruments	-	472,081,176.44	-	472,081,176.44

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Debt instruments	-	472,345,274.28	-	472,345,274.28

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investment-grade government and corporate debt instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in debt instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 2 February 2024.

abrdn Smart Capital - Retirement Mutual Fund

ABRDN SMART CAPITAL RETIREMENT MUTUAL FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Smart Capital Retirement Mutual Fund

Opinion

I have audited the financial statements of abrdn Smart Capital Retirement Mutual Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Smart Capital Retirement Mutual Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN SMART CAPITAL RETIREMENT MUTUAL FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Smart Capital Retirement Mutual Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 12 November 2002 with the registered value of Baht 2,000 million (divided into 200 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life. The Fund has to invest in equities. It will invest to have net exposure to equity instruments on average in each accounting period not less than 80% of the Fund’s net asset value. The remaining of the Fund is invested in other securities or other assets or by other income-generating methods according to the notification of the SEC.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Listed securities in marketable equity securities are presented at fair value, using the latest closing price on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between disposal proceeds and carrying amount is recognised in profit or loss.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	919,609,352.02	1,126,546,552.70
Sales of investments	942,595,946.61	1,274,633,311.24

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	71,221,267.85	76,323,697.98	The basis stated in the prospectus
Registrar fee	5,087,233.45	5,451,692.73	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	5,569,640.84	6,426,240.66
Accrued registrar fee	397,831.48	459,017.18

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	3,419,141,958.90	-	-	3,419,141,958.90

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	3,944,146,737.20	-	-	3,944,146,737.20

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equity instruments. The Fund does not adjust the quoted price for these instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	3,419,141,958.90	3,419,141,958.90
Cash at banks	158,585,439.57	-	-	158,585,439.57
Accounts receivable from dividend and interest	-	-	1,169,681.54	1,169,681.54
Accounts receivable from sales of investments	-	-	8,362,134.48	8,362,134.48
Accounts receivable from sales of investment units	-	-	5,320,000.00	5,320,000.00
Other assets	-	-	15.03	15.03
<u>Financial Liabilities</u>				
Accounts payable from purchase of investments	-	-	238,096.10	238,096.10
Accrued expenses	-	-	6,140,515.96	6,140,515.96
Other liabilities	-	-	167,219.24	167,219.24

Baht

Outstanding balance of net financial instruments as at 31 December 2022				
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	3,944,146,737.20	3,944,146,737.20
Cash at banks	203,745,780.00	-	-	203,745,780.00
Accounts receivable from interest	-	-	20,896.70	20,896.70

sales of investment units	-	-	3,624,250.00	3,624,250.00
<u>Financial Liabilities</u>				
Accounts payable from				
redemption of investment units	-	-	1,265,916.15	1,265,916.15
Accrued expenses	-	-	7,128,456.74	7,128,456.74
Other liabilities	-	-	193,861.87	193,861.87

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in equity instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 1 February 2024.

abrdn Siam Leader Fund

Annual Report

January 1, 2023 to December 31, 2023

ABRDN SIAM LEADERS FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Siam Leaders Fund

Opinion

I have audited the financial statements of abrdn Siam Leaders Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Siam Leaders Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN SIAM LEADERS FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Siam Leaders Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 2 March 2004 with the registered value of Baht 5,000 million (divided into 500 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life. Its policy is to invest in equity of potential high growth or good fundamental companies for medium to long-term investments under an appropriate price level. It will invest to have net exposure to equity instruments on average in each accounting period not less than 80% of the Fund’s net asset value, 50% of which will be stocks of companies listed on the Stock Exchange of Thailand. The remaining portion will be investments in other financial instruments.

The Fund’s policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Listed securities in marketable equity securities are presented at fair value, using the latest closing price on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

Expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	55,431,457.69	64,049,711.21
Sales of investments	57,955,231.12	103,763,928.28

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	4,099,481.96	4,636,242.11	The basis stated in the prospectus
Registrar fee	257,681.78	291,420.85	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	322,154.06	377,001.90
Accrued registrar fee	20,249.69	23,697.22

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	203,878,090.40	-	-	203,878,090.40

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	234,708,987.60	-	-	234,708,987.60

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equity instruments. The Fund does not adjust the quoted price for these instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	203,878,090.40	203,878,090.40
Cash at banks	3,257,695.88	-	-	3,257,695.88
Accounts receivable from				
dividend and interest	-	-	67,243.86	67,243.86
Accounts receivable from				
sales of investments	-	-	329,870.41	329,870.41
Accounts receivable from				
sales of investment units	-	-	5,071.50	5,071.50
<u>Financial Liabilities</u>				
Accounts payable from				
redemption of investment units	-	-	6,189.99	6,189.99
Accrued expenses	-	-	409,703.18	409,703.18
Accrued income tax	-	-	58.78	58.78
Other liabilities	-	-	9,686.85	9,686.85

Baht

Outstanding balance of net financial instruments as at 31 December 2022

	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	234,708,987.60	234,708,987.60
Cash at banks	8,041,846.68	-	-	8,041,846.68
Accounts receivable from interest	-	-	444.11	444.11
Accounts receivable from sales of investment units	-	-	23,568.00	23,568.00
<u>Financial Liabilities</u>				
Accounts payable from redemption of investment units	-	-	851,284.09	851,284.09
Accrued expenses	-	-	471,551.87	471,551.87
Accrued income tax	-	-	66.62	66.62
Other liabilities	-	-	11,237.54	11,237.54

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in equity instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 26 January 2024.

abrdn Long Term Equity Fund

(Investments in LTF from 1 Jan 2020 onwards cannot be used for a tax deductible)

ABRDN LONG TERM EQUITY FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Long Term Equity Fund

Opinion

I have audited the financial statements of abrdn Long Term Equity Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Long Term Equity Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN LONG TERM EQUITY FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR END 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Long Term Equity Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 28 October 2004. At present, the Fund has the registered value of Baht 5,000 million (divided into 500 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life. The Fund has policy to invest in long-term equity securities in common stocks of listed companies, with good fundamentals and continuous growth at average in each accounting period not less than 65% of the Fund’s net asset value.

The Fund's policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Listed securities in marketable equity securities are presented at fair value, using the latest closing price on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

Expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	1,527,061,393.38	2,039,498,607.64
Sales of investments	1,959,192,212.07	2,939,543,254.57

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	129,190,031.08	148,128,364.90	The basis stated in the prospectus
Registrar fee	8,858,745.06	10,157,373.66	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	9,885,088.17	12,190,236.97
Accrued registrar fee	677,834.62	835,901.95

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	6,221,628,362.60	-	-	6,221,628,362.60

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	7,598,398,220.55	-	-	7,598,398,220.55

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equity instruments. The Fund does not adjust the quoted price for these instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total

Accrued income tax	-	-	2,153.48	2,153.48
Other liabilities	-	-	366,715.15	366,715.15

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in equity instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 1 March 2024.

abrdn Small-Mid Cap Fund

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions, and relevant risks before making investment decision.

ABRDN SMALL-MID CAP FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Small-Mid Cap Fund

Opinion

I have audited the financial statements of abrdn Small-Mid Cap Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Small-Mid Cap Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN SMALL-MID CAP FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Small-Mid Cap Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 2 June 2005. At present, the Fund has registered value of Baht 3,000 million (divided into 300 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 2 classes as follows:

1. Accumulation class suitable for general investors who want to receive returns from an increase in the value of investment units in the long term.
2. Super savings fund class suitable for investors who want to receive tax benefits and expect to receive returns from an increase in the value of investment units in the long term.

The Fund’s policy is to invest in stocks of listed companies in the Stock Exchange of Thailand and/or Market for Alternative Investment of good fundamental and tend to growth in business. The Fund will invest in small and mid cap stocks in order to have net exposure in such instruments with average in each accounting period not less than 80% of Fund’s net asset value.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Listed securities in marketable equity securities are presented at fair value, using the latest closing price on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	985,649,462.43	829,691,060.39
Sales of investments	532,343,532.72	887,404,321.33

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	28,228,645.01	23,273,463.73	The basis stated in the prospectus
Registrar fee	1,774,371.94	1,462,903.50	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	2,590,317.29	1,972,824.27
Accrued registrar fee	162,819.95	124,006.09

6. TYPES OF INVESTMENT UNITS IN ISSUE

	2023	
	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	30,832,643.7159	131,371.1588
Net assets (Baht)	1,672,464,276.98	7,127,509.33
Net asset value per unit (Baht)	54.2433	54.2547
	2022	
	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	23,137,253.6344	27,680.1486
Net assets (Baht)	1,250,943,193.39	1,496,809.04
Net asset value per unit (Baht)	54.0661	54.0751

Increase (decrease) in net assets resulting from operations for the year classified by types of investment units were as follows:

	Baht	
	2023	2022
Accumulation class	(10,692,256.82)	32,456,825.66
Super savings fund class	43,880.94	22,809.04
Total	(10,648,375.88)	32,479,634.70

7. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht				
As at 31 December 2023				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	1,665,269,388.34	-	-	1,665,269,388.34

Baht				
As at 31 December 2022				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	1,231,449,445.50	-	-	1,231,449,445.50

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equity instruments. The Fund does not adjust the quoted price for these instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

Baht			
Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No
	Interest Rate	Interest Rate	Interest Rate

Accrued income tax	-	-	640.11	640.11
Other liabilities	-	-	70,950.15	70,950.15

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in equity instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

8. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 15 February 2024.

abrdn Long Term Equity Fund 70/30

(Investments in LTF from 1 Jan 2020 onwards cannot be used for a tax deductible)

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions, and relevant risks before making investment decision.

The fund will not invest instrument denominated in foreign currency.

Investor should study tax benefit as stated in the investment Handbook of the fund.

Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision
by the parent company to comply with law.

About the Fund

Investment Policy

The Fund will invest in equity or equity related securities or assets of listed companies, at least 65% and not more than 70% of its NAV , in average, in any accounting period. The rest will be invested, domestically or abroad, in debt instruments issued by government, state enterprise and private sector and/or cash deposits and/or securities and/or other assets and/or investing for profit by other means as allowed for investment of a long-term equity fund, in accordance with the notifications of the SEC, the CMSB or the Office of the SEC. However, such investment shall not have net exposure in equity or equity related securities less than 65 % of its NAV, in any accounting period.

The fund aims to outperform the benchmark.

Dividend Policy

No dividend payout, income reinvested.

Mutual Fund Supervisor Report

To: Unit holders of abrdn Long Term Equity 70/30 Fund

Whereas Citibank, N.A. Bangkok, the Mutual Fund Supervisor of abrdn Long Term Equity 70/30 Fund which is managed by Aberdeen Asset Management (Thailand) Limited has performed duties as the Mutual Fund Supervisor for the period beginning 1 January 2023 to 31 December 2023.

We have prepared this report base on given sources of information as of the date hereof and believed by us to be reliable, but we does not warrant the accuracy or completeness of the same and expressly disclaims liability for any error or omission (including any third party liability). There can be no assurance that future event or results will be consistent with any such report. Neither us nor any of its directors, employees or agents guarantees the repayment of capital, the performance or the distribution of the funds and be liable for any loss as a result of any action or omission made in reliance of this report.

In our opinion, Aberdeen Asset Management (Thailand) Limited has performed its duties in managing the Fund correctly and appropriately according to the objectives specified in the Fund management project, which was approved by the Office of the Securities and Exchange Commission and under the Securities Exchange Act B.E. 2535.

Citibank, N.A. - Bangkok

ABRDN LONG TERM EQUITY FUND 70/30
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Long Term Equity Fund 70/30

Opinion

I have audited the financial statements of abrdn Long Term Equity Fund 70/30 ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Long Term Equity Fund 70/30 as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

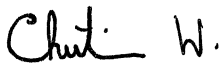

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN LONG TERM EQUITY FUND 70/30
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Long Term Equity Fund 70/30 (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 24 November 2016 with the registered value of Baht 5,000 million (divided into 500 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life. Its policy is to invest in equity instruments in companies listed on the Stock Exchange at an average in each accounting year at least 65% but not over 70% of the Fund’s net asset value.

The Fund’s policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Listed securities in marketable equity securities are presented at fair value, using the latest closing price on the date of investment measurement.
- Debt securities are presented at fair value, using the price or the yield rate from the Thai Bond Market Association on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

The premium (discount) on debt instruments is amortised by the effective interest rate method. The amortised amount is presented as an adjustment of the interest income.

Expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	170,146,259.75	237,390,398.10
Sales of investments	216,830,847.37	283,558,478.71

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	6,590,614.34	7,255,729.55	The basis stated in the prospectus
Registrar fee	479,317.54	527,689.44	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	523,009.83	595,136.67
Accrued registrar fee	38,037.10	43,282.67

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	245,861,217.10	-	-	245,861,217.10
Debt instruments	-	100,396,533.06	-	100,396,533.06

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	271,503,686.15	-	-	271,503,686.15
Debt instruments	-	118,023,355.12	-	118,023,355.12

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equity instruments. The Fund does not adjust the quoted price for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investment-grade government debt instruments

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	88,451,773.50	257,805,976.66	346,257,750.16

Accrued income tax	-	18,907.83	18,907.83
Other liabilities	-	15,785.25	15,785.25

Baht			
Outstanding balance of net financial instruments as at 31 December 2022			
Floating	Fixed	No	
Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>			
Investments at fair value	-	271,503,686.15	389,527,041.27
Cash at banks	10,287,358.17	-	10,287,358.17
Accounts receivable from interest	-	127,023.21	127,023.21

<u>Financial Liabilities</u>			
Accounts payable from purchases			
of investments	-	337,994.93	337,994.93
Accounts payable from			
redemption of investment units	-	99,868.33	99,868.33
Accrued expenses	-	732,154.59	732,154.59
Accrued income tax	-	14,286.36	14,286.36
Other liabilities	-	20,522.85	20,522.85

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in equity and debt instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 29 February 2024.

abrdn Money Market Fund for Provident Fund

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions and relevant risks before making investment decision.

The fund will not invest instrument denominated in foreign currency.

Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision
by the parent company to comply with law.

ABRDN MONEY MARKET FUND FOR PROVIDENT FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Money Market Fund for Provident Fund

Opinion

I have audited the financial statements of abrdn Money Market Fund for Provident Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Money Market Fund for Provident Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN MONEY MARKET FUND FOR PROVIDENT FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Money Market Fund for Provident Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 20 August 2019 with the registered value of Baht 1,000 million (divided into 100 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life. Its policy is to invest in deposits, deposit equivalent instruments, transferable debt instruments and other assets as the Capital Market Supervisory Board and/or the SEC office allow money market fund to invest. The Fund will invest in the above securities or instruments at least 80% of the Fund’s net asset value.

The Fund’s policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Debt securities are presented at fair value, using the price or the yield rate from the Thai Bond Market Association on the date of investment measurement.
- The Fund uses the amortised cost method to determine the fair value of debt instruments due within 90 days since the date of investment without any term for renewal when the fair value of the debt instruments is not significantly different from the amortised cost.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

The premium (discount) on debt instruments is amortised by the effective interest rate method. The amortised amount is presented as an adjustment of the interest income.

Expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	1,016,856,089.79	248,719,374.86
Sales of investments	847,492,888.90	417,011,744.98

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	459,714.23	152,612.65	The basis stated in the prospectus
Registrar fee	137,914.30	45,783.82	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	42,994.68	11,861.44
Accrued registrar fee	12,898.39	3,558.39

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Debt instruments	-	229,389,543.10	-	229,389,543.10

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Debt instruments	-	56,974,165.67	-	56,974,165.67

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investment-grade government debt instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	229,389,543.10	229,389,543.10
Cash at banks	7,507,906.65	-	-	7,507,906.65
Accounts receivable from interest	-	-	317.16	317.16
<u>Financial Liabilities</u>				
Accrued expenses	-	-	62,368.29	62,368.29
Other liabilities	-	-	1,731.82	1,731.82

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2022			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	56,974,165.67	56,974,165.67
Cash at banks	8,429,241.13	-	-	8,429,241.13
Accounts receivable from interest	-	-	165.92	165.92
<u>Financial Liabilities</u>				
Accrued expenses	-	-	17,231.87	17,231.87
Other liabilities	-	-	459.64	459.64

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in debt instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 21 February 2024.

abrdn Fixed Income Fund for Provident Fund

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions and relevant risks before making investment decision.
Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision
by the parent company to comply with law.

About the Fund

Investment Policy

The fund will invest in securities or assets as permitted by the SEC to be invested by a fixed income mutual fund by investing in fixed income instruments issued by government sector and/or bank deposits and/or corporate bonds/fixed income instruments with bonds/instrument or issuer credit rating of investment grade at the time of investment or the bonds/instruments being certified, availed, endorsed or guaranteed by a person rated as investment grade at the time of investment and such person shall unconditionally certify , fully avail , endorse with full recourse and no limit of liability , unconditionally guarantee the full amount of the principal and interest thereof . The fund may also engage in securities lending, repurchase agreement, derivatives or structured note or invest in or hold other securities or assets or seek benefits by other means as permitted by the Office of the SEC.

The fund aims to outperform the benchmark.

ABRDN FIXED INCOME FUND FOR PROVIDENT FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Fixed Income Fund for Provident Fund

Opinion

I have audited the financial statements of abrdn Fixed Income Fund for Provident Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Fixed Income Fund for Provident Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

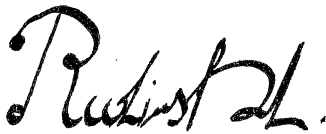

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN FIXED INCOME FUND FOR PROVIDENT FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Fixed Income Fund for Provident Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 20 August 2019 with the registered value of Baht 1,000 million (divided into 100 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life. Its policy is to invest in debt instruments issued by government and/or private companies and/or bank deposits. The Fund will invest in the above securities or instruments at least 80% of the Fund’s net asset value.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Debt securities are presented at fair value, using the price or the yield rate from the Thai Bond Market Association on the date of investment measurement.
- The Fund uses the amortised cost method to determine the fair value of debt instruments due within 90 days since the date of investment without any term for renewal when the fair value of the debt instruments is not significantly different from the amortised cost.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

The premium (discount) on debt instruments is amortised by the effective interest rate method. The amortised amount is presented as an adjustment of the interest income.

Expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	240,433,224.18	164,472,003.83
Sales of investments	214,190,192.25	172,590,641.04

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	411,423.25	384,703.29	The basis stated in the prospectus
Registrar fee	137,141.12	128,234.43	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	37,024.78	32,469.48
Accrued registrar fee	12,341.60	10,823.16

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Debt instruments	-	132,567,413.04	-	132,567,413.04

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Debt instruments	-	105,914,602.13	-	105,914,602.13

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investment-grade government and corporate debt instruments.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	105,649,094.53	26,918,318.51	132,567,413.04
Cash at banks	1,781,517.67	-	-	1,781,517.67
Accounts receivable from interest	-	-	559,838.71	559,838.71
<u>Financial Liabilities</u>				
Accrued expenses	-	-	53,083.26	53,083.26
Other liabilities	-	-	1,484.98	1,484.98

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2022			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	69,951,918.16	35,962,683.97	105,914,602.13
Cash at banks	13,389,343.02	-	-	13,389,343.02
Accounts receivable from interest	-	-	247,926.23	247,926.23
<u>Financial Liabilities</u>				
Accrued expenses	-	-	46,579.00	46,579.00
Other liabilities	-	-	1,243.03	1,243.03

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in debt instruments. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 20 February 2024.

ABRDN THAI EQUITY SUPER SAVINGS FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Thai Equity Super Savings Fund

Opinion

I have audited the financial statements of abrdn Thai Equity Super Savings Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Thai Equity Super Savings Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN THAI EQUITY SUPER SAVINGS FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Thai Equity Super Savings Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 12 June 2020 with the registered value of Baht 3,000 million (divided into 300 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 2 classes as follows:

1. Super savings fund class suitable for investors who want tax benefits to promote long-term savings of investors.
2. Super savings extra fund class suitable for investors who want tax benefits to promote long-term savings of investors and build the stability of the capital market system.

The Fund’s policy is to invest in equity instruments with net exposure at least 80% of net asset value of the Fund average in an accounting period. The Fund will invest, with net exposure at least 65% of net asset value of the Fund average in an accounting period, in securities listed on the Stock Exchange of Thailand including ETF, property funds, real estate investment trusts (REITs), infrastructure funds and/or any other securities listed on the Stock Exchange of Thailand.

The Fund’s policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Listed securities in marketable equity securities are presented at fair value, using the latest closing price on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	25,301,429.83	29,134,434.62
Sales of investments	16,563,409.06	21,225,704.38

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	1,283,762.27	1,175,159.47	The basis stated in the prospectus
Registrar fee	102,701.03	94,012.78	The basis stated in the prospectus

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related company as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	105,957.78	105,759.13
Accrued registrar fee	8,476.62	8,460.75

6. TYPES OF INVESTMENT UNITS IN ISSUE

	2023	
	Super savings fund class	Super savings extra fund class
Investment units at the end of the year (units)	4,564,664.3459	3,555,051.8785
Net assets (Baht)	45,108,213.01	35,143,600.84
Net asset value per unit (Baht)	9.8820	9.8911
	2022	
	Super savings fund class	Super savings extra fund class
Investment units at the end of the year (units)	3,966,510.8893	3,555,051.8785
Net assets (Baht)	43,235,107.71	38,783,664.66
Net asset value per unit (Baht)	10.9000	10.9094

Increase (decrease) in net assets resulting from operations for the year classified by types of investment units were as follows:

	Baht	
	2023	2022
Super savings fund class	(4,144,375.33)	725,504.63
Super savings extra fund class	(3,640,063.82)	617,886.04
Total	(7,784,439.15)	1,343,390.67

7. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received from sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active markets for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	75,718,142.80	-	-	75,718,142.80

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Equity instruments	75,305,830.50	-	-	75,305,830.50

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equity instruments. The Fund does not adjust the quoted price for these instruments.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	75,718,142.80	75,718,142.80
Cash at banks	4,576,218.18	-	-	4,576,218.18
Accounts receivable from				
dividend and interest	-	-	22,687.97	22,687.97
Accounts receivable from				
sales of investment units	-	-	85,000.00	85,000.00
<u>Financial Liabilities</u>				
Accrued expenses	-	-	147,039.73	147,039.73
Accrued income tax	-	-	28.20	28.20
Other liabilities	-	-	3,167.17	3,167.17

Baht

Outstanding balance of net financial instruments as at 31 December 2022

	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	75,305,830.50	75,305,830.50
Cash at banks	7,356,154.06	-	-	7,356,154.06
Accounts receivable from interest	-	-	183.57	183.57
Accounts receivable from sales of investment units	-	-	708,000.00	708,000.00
<u>Financial Liabilities</u>				
Accounts payable from purchases of investments	-	-	1,228,032.59	1,228,032.59
Accrued expenses	-	-	120,169.86	120,169.86
Accrued income tax	-	-	27.54	27.54
Other liabilities	-	-	3,165.77	3,165.77

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

The Fund has no financial assets and financial liabilities in foreign currency, therefore, there is no foreign currency risk.

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in equity instruments. The returns on investment fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operation of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The Fund manages risks which may arise from investments by establishing its risk management policy to cover risks on investments such as diversifying its investments and analysing the status of those entities invested by the Fund.

8. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 19 February 2024.

abrdn Asia Pacific Equity Fund

FX hedging is performed with an aim to remove at least 90% of FX exposure. For performance illustration purpose, the Master Fund's benchmark in SGD is shown. Please note that any carry effect and hedging costs are not reflected in this benchmark.

Benchmark is shown in SGD, which is different from the fund currency which is shown in THB. To compare the performance or standard deviation of the fund with the benchmark, data should be in the same currency to avoid the effect of currency differences.

Past performance/ performance comparison relating to a capital market product is not a guarantee of future results.

The fund performance document is prepared in accordance with AIMC standards.

Investment in a foreign investment fund (FIF) is subject to currency risk and may get a return lower than the amount initially invested.

Please study product's features, conditions, and relevant risks before making investment decision.

Investor should study tax benefit as stated in the Investment Handbook of the fund.

ABRDN ASIA PACIFIC EQUITY FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Asia Pacific Equity Fund

Opinion

I have audited the financial statements of abrdn Asia Pacific Equity Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Asia Pacific Equity Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN ASIA PACIFIC EQUITY FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Asia Pacific Equity Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 25 August 2005. At present, the Fund has its registered value of Baht 5,000 million (divided into 500 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 2 classes as follows:

1. Accumulation class suitable for general investors.
2. Super savings fund class suitable for investors who wish to receive tax benefits to promote long-term savings of investors.

The Fund’s policy is to invest in a foreign unit trust (Singapore), abrdn Pacific Equity Fund Class A Acc SGD, managed by abrdn Asia Limited, at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for the purpose of hedging of exchange rate.

The Fund’s policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	99,403,406.76	97,320,272.28
Sales of investments	149,457,789.00	191,178,979.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprise, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	17,581,365.98	18,735,646.43	The basis stated in the prospectus
Registrar fee	1,105,114.41	1,177,669.10	The basis stated in the prospectus
abrdn Asia Limited			
Purchases of investments	99,403,406.76	97,320,272.28	Market price
Sales of investments	149,457,789.00	191,178,979.00	Market price
Other income	13,920,894.11	14,747,967.32	See Note 9

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	1,381,140.83	1,502,658.77
Accrued registrar fee	86,814.55	94,452.84
abrdn Pacific Equity Fund Class A Acc SGD		
Investments	819,466,154.67	904,688,894.70
abrdn Asia Limited		
Accrued other income	1,063,028.62	1,140,442.27

6. FINANCIAL DERIVATIVES AT FAIR VALUE

7. TYPES OF INVESTMENT UNITS IN ISSUE

	2023	
	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	45,812,294.6801	199,967.1540
Net assets (Baht)	845,475,557.52	3,689,985.52
Net asset value per unit (Baht)	18.4552	18.4529
	2022	
	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	47,623,297.8198	159,328.5504
Net assets (Baht)	951,640,287.94	3,183,498.36
Net asset value per unit (Baht)	19.9826	19.9807

Decrease in net assets resulting from operations for the year classified by types of investment units were as follows:

	Baht	
	2023	2022
Accumulation class	(76,622,975.54)	(257,792,868.60)
Super savings fund class	(253,762.07)	(355,818.20)
Total	(76,876,737.61)	(258,148,686.80)

8. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	819,466,154.67	-	819,466,154.67
Derivative contracts	-	12,761,783.85	-	12,761,783.85
<u>Liabilities</u>				
Derivative contracts	-	825,079.08	-	825,079.08

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	904,688,894.70	-	904,688,894.70
Derivative contracts	-	28,622,285.42	-	28,622,285.42
<u>Liabilities</u>				
Derivative contracts	-	1,287,921.35	-	1,287,921.35

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust and over-the-counter derivatives.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	819,466,154.67	819,466,154.67
Cash at banks	19,185,234.36	-	-	19,185,234.36
Accounts receivable from interest	-	-	771.37	771.37
Accounts receivable from sales of investment units	-	-	80,137.23	80,137.23

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency accounts as follows:

Accounts	SGD	
	2023	2022
Investments (fair value)	31,594,241.27	35,156,213.12
Accrued other income	40,984.71	44,317.59

The Fund entered into derivative contracts for hedging exchange rate on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn Pacific Equity Fund Class A Acc SGD will analyse any factor which may affect price and the said fund aims to generate capital growth over the medium to long-term by investing in Asia Pacific equities excluding Japan (company's shares).

9. OTHER INCOME

Other income is the rebate in management fee in foreign to the Fund at the mutually agreed rate in the agreement.

10. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 9 February 2024.

abrdn Global Sustainable Equity Fund

Annual Report

January 1, 2023 to December 31, 2023

ABRDN GLOBAL SUSTAINABLE EQUITY FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Global Sustainable Equity Fund

Opinion

I have audited the financial statements of abrdn Global Sustainable Equity Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Global Sustainable Equity Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN GLOBAL SUSTAINABLE EQUITY FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Global Sustainable Equity Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 29 March 2006 with registered value of Baht 5,000 million (divided into 500 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended feeder fund with no stipulated project life. The Fund mainly invests in unit trust of a foreign fund (Luxembourg), abrdn SICAV I - Global Sustainable Equity Fund Class Z Acc USD (formerly known as Aberdeen Standard SICAV I - Global Sustainable Equity Fund Class Z Acc USD), managed by abrdn Investments Limited, at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for hedging of the risk of foreign currency exchange rate.

The Fund’s policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	27,899,030.00	17,137,710.00
Sales of investments	17,903,480.00	10,975,880.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	1,724,528.42	1,557,224.89	The basis stated in the prospectus
Registrar fee	108,398.90	97,882.67	The basis stated in the prospectus
abrdn Investments Luxembourg S.A.			
Purchases of investments	27,899,030.00	17,137,710.00	Market price
Sales of investments	17,903,480.00	10,975,880.00	Market price

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	178,088.86	135,372.33
Accrued registrar fee	11,194.17	8,509.11

7. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	108,001,734.19	-	108,001,734.19
Derivative contracts	-	4,395,241.89	-	4,395,241.89
<u>Liabilities</u>				
Derivative contracts	-	229,025.98	-	229,025.98

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	83,121,562.92	-	83,121,562.92
Derivative contracts	-	1,096,362.35	-	1,096,362.35

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust and over-the-counter derivatives.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht

Accrued income tax	-	-	13.17	13.17
Other liabilities	-	-	3,879.66	3,879.66

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency account as follows:

Account	USD	
	2023	2022
Investments (fair value)	3,162,106.11	2,408,552.72

The Fund entered into derivative contracts for hedging exchange rates on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - Global Sustainable Equity Fund Class Z Acc USD will analyse any factors which may affect price and the said fund has a policy to achieve long-term total return by investing at least 90% of the fund's assets in equities and equity-related securities of companies listed on global stock exchanges including emerging markets.

8. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 7 February 2024.

abrdn European Sustainable Equity Fund

ABRDN EUROPEAN SUSTAINABLE EQUITY FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn European Sustainable Equity Fund

Opinion

I have audited the financial statements of abrdn European Sustainable Equity Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn European Sustainable Equity Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN EUROPEAN SUSTAINABLE EQUITY FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn European Sustainable Equity Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 6 December 2006 with registered value of Baht 5,000 million (divided into 500 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended feeder fund with no stipulated project life. The Fund mainly invests in unit trust of a foreign fund, abrdn SICAV I - European Sustainable Equity Fund Class Z Acc EUR (formerly known as Aberdeen Standard SICAV I - European Sustainable Equity Fund Class Z Acc EUR), managed by abrdn Investments Limited, at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for the purpose of hedging of exchange rate.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	1,154,418.00	-
Sales of investments	16,444,464.00	34,901,120.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	2,044,498.28	2,419,602.29	The basis stated in the prospectus
Registrar fee	128,511.35	152,089.37	The basis stated in the prospectus
abrdn Investments Luxembourg S.A.			
Purchases of investments	1,154,418.00	-	Market price
Sales of investments	16,444,464.00	34,901,120.00	Market price

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	179,194.29	175,768.04
Accrued registrar fee	11,263.63	11,048.28
abrdn SICAV I - European Sustainable Equity Fund Class Z Acc EUR		
Investments	113,005,481.23	106,625,952.25

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht				
As at 31 December 2023				
Level 1	Level 2	Level 3	Total	
<u>Assets</u>				
Fund	-	113,005,481.23	-	113,005,481.23

Baht				
As at 31 December 2022				
Level 1	Level 2	Level 3	Total	
<u>Assets</u>				
Fund	-	106,625,952.25	-	106,625,952.25

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

Baht				
Outstanding balance of net financial instruments as at 31 December 2023				
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	113,005,481.23	113,005,481.23
Cash at banks	893,487.02	-	-	893,487.02
Accounts receivable from interest	-	-	71.42	71.42
Accounts receivable from sales of investment units	-	-	54,178.31	54,178.31
<u>Financial Liabilities</u>				
Accounts payable from redemption of investment units	-	-	5,684.94	5,684.94
Accrued expenses	-	-	245,075.69	245,075.69
Accrued income tax	-	-	10.71	10.71
Other liabilities	-	-	4,989.43	4,989.43

Baht				
Outstanding balance of net financial instruments as at 31 December 2022				
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	106,625,952.25	106,625,952.25
Cash at banks	2,158,921.93	-	-	2,158,921.93
Accounts receivable from interest	-	-	127.47	127.47
<u>Financial Liabilities</u>				
Accounts payable from redemption of investment units	-	-	25,981.29	25,981.29
Accrued expenses	-	-	243,614.37	243,614.37
Accrued income tax	-	-	19.12	19.12
Other liabilities	-	-	5,214.97	5,214.97

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency account without hedging as follows:

Account	EUR	
	2023	2022
Investments (at fair value)	2,975,245.61	2,894,699.11

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - European Sustainable Equity Fund Class Z Acc EUR will analyse any factors which may affect price and the said fund has a policy to provide long term total return to be achieved by investing at least 90% of the fund's assets in equities and equity-related securities of companies listed, incorporated or domiciled in Europe, or companies that derive a significant proportion of their revenues or profits from European operations, or have a significant proportion of their assets there.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 24 January 2024.

abrdn Emerging Opportunities Bond Fund

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions, and relevant risks before making investment decision.

Investment in a foreign investment fund (FIF) is subject to currency risk.

and may get a return lower than the amount initially invested.

Currency is hedged upon the Fund Manager's discretion.

Presently, the fund manager employs partial hedge of the currency.

Investing in this fund involves high risk or complexity which will be different from investing in general fund. Despite the fact that the investor may have previous investment experience or previous transaction in capital market product, the investor should understand the risk and specific condition of this fund and should seek for additional advice from the distributors or the management company before making a decision to invest.

Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision.

by the parent company to comply with law.

About the Fund

Investment Policy

- The Fund will mainly invest in units of a foreign fund, abrdn SICAV I - Select Emerging Markets Bond Z Acc USD, which is managed by abrdn Investments Luxembourg S.A.
- Invest in master fund, with net exposure at least 80% of its NAV, in average, in any accounting period.
- The master fund will invest at least two-thirds of its portfolio in fixed interest securities which are issued by corporations with their registered office in, and/or government related bodies domiciled in an Emerging Market country.
- The fund aims to achieve performance close to the Master Fund while the Master Fund aims to outperform the benchmark.

Dividend Policy

- No dividend payout, income reinvested.

Mutual Fund Supervisor Report

To: Unit holders of abrdn Emerging Opportunities Bond Fund

Whereas Citibank, N.A. Bangkok, the Mutual Fund Supervisor of abrdn Emerging Opportunities Bond Fund which is managed by Aberdeen Asset Management (Thailand) Limited has performed duties as the Mutual Fund Supervisor for the period beginning 1 January 2023 to 31 December 2023.

We have prepared this report base on given sources of information as of the date hereof and believed by us to be reliable, but we does not warrant the accuracy or completeness of the same and expressly disclaims liability for any error or omission (including any third party liability). There can be no assurance that future event or results will be consistent with any such report. Neither us nor any of its directors, employees or agents guarantees the repayment of capital, the performance or the distribution of the funds and be liable for any loss as a result of any action or omission made in reliance of this report.

In our opinion, Aberdeen Asset Management (Thailand) Limited has performed its duties in managing the Fund correctly and appropriately according to the objectives specified in the Fund management project, which was approved by the Office of the Securities and Exchange Commission and under the Securities Exchange Act B.E. 2535.

ABRDN EMERGING OPPORTUNITIES BOND FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Emerging Opportunities Bond Fund

Opinion

I have audited the financial statements of abrdn Emerging Opportunities Bond Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Emerging Opportunities Bond Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN EMERGING OPPORTUNITIES BOND FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Emerging Opportunities Bond Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 19 July 2007 with registered value of Baht 5,000 million (divided into 500 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended feeder fund with no stipulated project life. The Fund mainly invests in unit trust of a foreign fund (Luxembourg), abrdn SICAV I - Select Emerging Markets Bond Fund Class Z Acc USD (formerly known as Aberdeen Standard SICAV I - Select Emerging Markets Bond Fund Class Z Acc USD), managed by abrdn Investments Limited, at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for hedging of the risk of foreign currency exchange rate.

The Fund’s policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	9,412,260.00	9,080,140.00
Sales of investments	9,531,270.00	40,843,580.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	1,333,640.70	1,493,911.85	The basis stated in the prospectus
Registrar fee	88,909.38	99,594.15	The basis stated in the prospectus
abrdn Investments Luxembourg S.A.			
Purchases of investments	9,412,260.00	9,080,140.00	Market price
Sales of investments	9,531,270.00	40,843,580.00	Market price

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	124,821.04	111,702.73
Accrued registrar fee	8,321.37	7,446.84
abrdn Investments Luxembourg S.A.		
Accounts payable from purchases of investments	2,049,300.00	-
abrdn SICAV I - Select Emerging Markets Bond Fund Class Z Acc USD		
Investments	90,932,415.33	79,567,053.81

6. FINANCIAL DERIVATIVES AT FAIR VALUE

	Baht		
	2023		
	Notional Amount	Fair Value	
		Assets	Liabilities
Forward exchange contracts	86,109,650.00	2,403,226.40	-

	Baht		
	2022		
	Notional	Fair Value	
	Amount	Assets	Liabilities
Forward exchange contracts	73,632,036.85	16,391.50	16,676.09

7. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received from sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active markets for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	90,932,415.33	-	90,932,415.33
Derivative contracts	-	2,403,226.40	-	2,403,226.40

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	79,567,053.81	-	79,567,053.81
Derivative contracts	-	16,391.50	-	16,391.50

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Liabilities</u>				
Derivative contracts	-	16,676.09	-	16,676.09

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust and over-the-counter derivatives.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	90,932,415.33	90,932,415.33
Cash at banks	2,086,543.83	-	-	2,086,543.83
Accounts receivable from interest	-	-	83.25	83.25
Accounts receivable from sales of investment units	-	-	2,038,619.27	2,038,619.27
Accounts receivable from derivative contracts	-	-	2,403,226.40	2,403,226.40
<u>Financial Liabilities</u>				
Accounts payable from purchases of investments	-	-	2,049,300.00	2,049,300.00
Accrued expenses	-	-	182,090.99	182,090.99
Accrued income tax	-	-	12.49	12.49
Other liabilities	-	-	5,234.58	5,234.58

Baht

Outstanding balance of net financial instruments as at 31 December 2022				
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>

Accounts receivable from interest	-	-	78.04	78.04
Accounts receivable from				
derivative contracts	-	-	16,391.50	16,391.50
<u>Financial Liabilities</u>				
Accounts payable from				
derivative contracts	-	-	16,676.09	16,676.09
Accrued expenses	-	-	169,300.25	169,300.25
Accrued income tax	-	-	11.71	11.71
Other liabilities	-	-	3,195.87	3,195.87

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency accounts as follows:

Accounts	USD	
	2023	2022
Investments (fair value)	2,662,345.64	2,305,556.31
Accounts payable from purchases of investments	60,000.00	-

The Fund entered into derivative contracts for hedging exchange rate on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investment fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operation of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - Select Emerging Markets Bond Fund Class Z Acc USD will analyse any factors which may affect price and the said fund has a policy to increase long-term returns for investors by focusing on investing in debt instruments issued by listed companies in Emerging Market country or issued by the government or government related bodies in Emerging Market country at least two-thirds of the investment portfolio.

8. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 2 February 2024.

abrdn Global Emerging Growth Fund

ABRDN GLOBAL EMERGING GROWTH FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Global Emerging Growth Fund

Opinion

I have audited the financial statements of abrdn Global Emerging Growth Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Global Emerging Growth Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN GLOBAL EMERGING GROWTH FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Global Emerging Growth Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 2 April 2008 with the registered value of Baht 5,000 million (divided into 500 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended feeder fund with no stipulated project life. The Fund mainly invests in unit trust of a foreign fund, abrdn SICAV I - Emerging Markets Equity Fund Class Z Acc USD (formerly known as Aberdeen Standard SICAV I - Emerging Markets Equity Fund Class Z Acc USD), managed by abrdn Investments Limited, at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for hedging of the risk of foreign currency exchange rate.

The Fund’s policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	33,627,270.00	6,636,750.00
Sales of investments	24,678,860.00	33,138,410.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	3,794,750.16	3,947,081.65	The basis stated in the prospectus
Registrar fee	238,527.26	248,102.30	The basis stated in the prospectus
abrdn Investments Luxembourg S.A.			
Purchases of investments	33,627,270.00	6,636,750.00	Market price
Sales of investments	24,678,860.00	33,138,410.00	Market price

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	325,217.27	320,698.52
Accrued registrar fee	20,442.25	20,158.19
abrdn SICAV I - Emerging Markets Equity Fund Class Z Acc USD		
Investments	201,108,702.74	181,066,875.87

6. FINANCIAL DERIVATIVES AT FAIR VALUE

	Baht		
	2023		
	Notional Amount	Fair Value	
		Assets	Liabilities
Forward exchange contracts	184,378,380.00	5,761,798.17	-
	Baht		
	2022		
	Notional Amount	Fair Value	
		Assets	Liabilities
Forward exchange contracts	186,594,185.00	15,457,337.10	-

7. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht				
As at 31 December 2023				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	201,108,702.74	-	201,108,702.74
Derivative contracts	-	5,761,798.17	-	5,761,798.17

Baht				
As at 31 December 2022				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	181,066,875.87	-	181,066,875.87
Derivative contracts	-	15,457,337.10	-	15,457,337.10

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust and over-the-counter derivatives.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	201,108,702.74	201,108,702.74
Cash at banks	3,251,837.82	-	-	3,251,837.82
Accounts receivable from interest	-	-	232.89	232.89
Accounts receivable from sales				
of investment units	-	-	9,852.24	9,852.24
Accounts receivable from				
derivative contracts	-	-	5,761,798.17	5,761,798.17
<u>Financial Liabilities</u>				
Accounts payable from				
redemption of investment units	-	-	64,429.60	64,429.60
Accrued expenses	-	-	413,086.85	413,086.85
Accrued income tax	-	-	34.93	34.93
Other liabilities	-	-	9,381.84	9,381.84

Baht

Accrued expenses	-	-	410,035.01
Accrued income tax	-	-	32.16
Other liabilities	-	-	9,150.19

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency account as follows:

Account	USD	
	2023	2022
Investments (at fair value)	5,888,118.95	5,246,642.40

The Fund entered into derivative contracts for hedging exchange rate on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - Emerging Markets Equity Fund Class Z Acc USD will analyse any factors which may affect price and the said fund has a policy to provide long-term total return to be achieved by investing at least 70% of the fund's assets in equities and equity-related securities of companies listed, incorporated or domiciled in Emerging Market countries or companies that derive a significant proportion of their revenues or profits from Emerging Market countries operations or have a significant proportion of their assets there.

8. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 31 January 2024.

abrdn All China Sustainable Equity Fund

ABRDN ALL CHINA SUSTAINABLE EQUITY FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn All China Sustainable Equity Fund

Opinion

I have audited the financial statements of abrdn All China Sustainable Equity Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn All China Sustainable Equity Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN ALL CHINA SUSTAINABLE EQUITY FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn All China Sustainable Equity Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 9 September 2009 with registered value of Baht 1,600 million (divided into 160 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 2 classes as follows:

1. Accumulation class suitable for general investors who want to receive returns from an increase in the value of investment units in the long-term (Total Return).
2. Super savings fund class suitable for investors who want to receive tax benefits and expects to receive returns from an increase in the value of investment units in the long-term (Total Return).

The Fund’s policy is to invest in unit trust of a foreign fund, abrdn SICAV I - All China Sustainable Equity Fund Class Z Acc USD (formerly known as Aberdeen Standard SICAV I - All China Sustainable Equity Fund Class Z Acc USD), managed by abrdn Asia Limited, at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for the purpose of hedging of exchange rate.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	82,182,990.00	7,586,360.00
Sales of investments	58,270,830.00	67,839,610.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy
	2023	2022	
Aberdeen Asset Management (Thailand) Limited			
Management fee	4,481,846.83	4,912,751.26	The basis stated in the prospectus
Registrar fee	281,716.08	308,801.49	The basis stated in the prospectus
abrdn Investments Luxembourg S.A.			
Purchases of investments	82,182,990.00	7,586,360.00	Market price
Sales of investments	58,270,830.00	67,839,610.00	Market price

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	295,921.17	374,538.96
Accrued registrar fee	18,600.74	23,542.45
abrdn SICAV I - All China Sustainable Equity Fund Class Z Acc USD		
Investments	181,031,576.75	217,068,026.34

6. FINANCIAL DERIVATIVES AT FAIR VALUE

Baht			
2023			
	Notional	Fair Value	
	Amount	Assets	Liabilities
Forward exchange contracts	193,114,800.00	5,715,624.63	252,195.06
Baht

	Notional	Fair Value	
	Amount	Assets	Liabilities
Forward exchange contracts	281,237,414.00	18,641,882.41	1,968,762.73

7. TYPES OF INVESTMENT UNITS IN ISSUE

2023		
	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	18,840,746.3265	344,907.7007
Net assets (Baht)	184,845,915.62	3,379,638.75
Net asset value per unit (Baht)	9.8109	9.7986
2022		
	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	17,629,361.8396	265,607.4489
Net assets (Baht)	235,957,396.25	3,550,074.20
Net asset value per unit (Baht)	13.3843	13.3658

Decrease in net assets resulting from operations for the year classified by types of investment units were as follows:

Baht		
	2023	2022
Accumulation class	(76,648,243.32)	(98,969,963.99)
Super savings fund class	(1,103,017.77)	(551,105.80)
Total	(77,751,261.09)	(99,521,069.79)

8. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht				
As at 31 December 2023				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	181,031,576.75	-	181,031,576.75
Derivative contracts	-	5,715,624.63	-	5,715,624.63
<u>Liabilities</u>				
Derivative contracts	-	252,195.06	-	252,195.06

Baht				
As at 31 December 2022				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	217,068,026.34	-	217,068,026.34
Derivative contracts	-	18,641,882.41	-	18,641,882.41
<u>Liabilities</u>				
Derivative contracts	-	1,968,762.73	-	1,968,762.73

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust and over-the-counter derivatives.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	181,031,576.75	181,031,576.75
Cash at banks	2,032,324.43	-	-	2,032,324.43
Accounts receivable from interest	-	-	218.48	218.48
Accounts receivable from sales of investment units	-	-	130,098.82	130,098.82
Accounts receivable from derivative contracts	-	-	5,715,624.63	5,715,624.63
<u>Financial Liabilities</u>				
Accounts payable from redemption of investment units	-	-	41,602.41	41,602.41
Accounts payable from derivative contracts	-	-	252,195.06	252,195.06
Accrued expenses	-	-	381,244.36	381,244.36
Accrued income tax	-	-	32.77	32.77
Other liabilities	-	-	9,214.14	9,214.14

Baht			
Outstanding balance of net financial instruments as at 31 December 2022			
	Floating	Fixed	No
	Interest Rate	Interest Rate	Interest Rate
			Total
<u>Financial Assets</u>			
Investments at fair value	-	-	217,068,026.34
Cash at banks	5,996,101.85	-	-
Accounts receivable from interest	-	-	226.35
Accounts receivable from sales of investment units	-	-	249,283.57

<u>Financial Liabilities</u>			
Accounts payable from derivative contracts	-	-	1,968,762.73
Accrued expenses	-	-	469,446.71
Accrued income tax	-	-	33.95
Other liabilities	-	-	9,806.68

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency account as follows:

Account	USD	
	2023	2022
Investments (at fair value)	5,300,295.03	6,289,821.40

The Fund entered into derivative contracts for hedging exchange rate on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - All China Sustainable Equity Fund Class Z Acc USD will analyse any factors which may affect price and the said fund has a policy to generate long-term total return by investing at least 90% of the fund's assets in equities and equity-related securities of companies listed, incorporated or domiciled in China or companies that derive a significant proportion of their revenues or profits from Chinese operations or have a significant proportion of their assets there.

9. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 31 January 2024.

abrdn India Growth Fund

To the Unitholders of abrdn India Growth Fund

Opinion

I have audited the financial statements of abrdn India Growth Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn India Growth Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN INDIA GROWTH FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn India Growth Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 16 March 2011 with the registered value of Baht 1,600 million (divided into 160 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended feeder fund with no stipulated project life. The Fund mainly invests in unit trust of a foreign fund (Luxembourg), abrdn SICAV I - Indian Equity Fund Class Z Acc USD (formerly known as Aberdeen Standard SICAV I - Indian Equity Fund Class Z Acc USD), managed by abrdn Asia Limited, at least 80 percent of the Fund’s net asset value.

The Fund’s policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	4,306,560.00	6,975,730.00
Sales of investments	20,769,220.00	49,657,610.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	5,442,985.79	6,059,980.07	The basis stated in the prospectus
Registrar fee	342,130.67	380,913.02	The basis stated in the prospectus
abrdn Investments Luxembourg S.A.			
Purchases of investments	4,306,560.00	6,975,730.00	Market price
Sales of investments	20,769,220.00	49,657,610.00	Market price

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	503,154.81	465,283.27
Accrued registrar fee	31,626.90	29,246.37
abrdn SICAV I - Indian Equity Fund Class Z Acc USD		
Investments	310,967,138.93	278,274,224.22

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

		Baht			
		As at 31 December 2023			
		Level 1	Level 2	Level 3	Total
<u>Assets</u>					
Fund		-	310,967,138.93	-	310,967,138.93

		Baht			
		As at 31 December 2022			
		Level 1	Level 2	Level 3	Total
<u>Assets</u>					
Fund		-	278,274,224.22	-	278,274,224.22

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

Baht				
Outstanding balance of net financial instruments as at 31 December 2023				
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	310,967,138.93	310,967,138.93
Cash at banks	7,498,882.75	-	-	7,498,882.75
Accounts receivable from interest	-	-	322.83	322.83
Accounts receivable from sales of investment units	-	-	426,366.16	426,366.16
<u>Financial Liabilities</u>				
Accounts payable from redemption of investment units	-	-	787,701.80	787,701.80
Accrued expenses	-	-	605,406.93	605,406.93
Accrued income tax	-	-	48.42	48.42
Other liabilities	-	-	14,039.90	14,039.90

Baht				
Outstanding balance of net financial instruments as at 31 December 2022				
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	278,274,224.22	278,274,224.22
Cash at banks	6,617,843.70	-	-	6,617,843.70
Accounts receivable from interest	-	-	313.38	313.38
Accounts receivable from sales of investment units	-	-	128,368.66	128,368.66
<u>Financial Liabilities</u>				
Accounts payable from redemption of investment units	-	-	95,852.60	95,852.60
Accrued expenses	-	-	567,891.07	567,891.07
Accrued income tax	-	-	47.01	47.01
Other liabilities	-	-	14,331.01	14,331.01

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency account without hedging as follows:

Account	USD	
	2023	2022
Investments (fair value)	9,104,586.12	8,063,348.62

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - Indian Equity Fund Class Z Acc USD will analyse any factors which may affect price and the said fund has a policy to provide long-term total return to be achieved by investing at least 70% of the fund's assets in equities and equity-related securities of companies listed, incorporated or domiciled in India or companies that derive a significant proportion of their revenues or profits from Indian operations or have a significant proportion of their assets there.

7. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 29 January 2024.

abrdn Asia Pacific Equity Retirement Mutual Fund

ABRDN ASIA PACIFIC EQUITY RETIREMENT MUTUAL FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Asia Pacific Equity Retirement Mutual Fund

Opinion

I have audited the financial statements of abrdn Asia Pacific Equity Retirement Mutual Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Asia Pacific Equity Retirement Mutual Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN ASIA PACIFIC EQUITY RETIREMENT MUTUAL FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Asia Pacific Equity Retirement Mutual Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 13 December 2011 with the registered value of Baht 1,500 million (divided into 150 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended feeder fund with no stipulated project life. The Fund mainly invests in a foreign unit trust (Singapore), abrdn Pacific Equity Fund Class A Acc SGD, managed by abrdn Asia Limited, at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for the purpose of hedging of exchange rate.

The Fund’s policy is not to pay dividends to the unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	50,658,302.30	36,075,987.13
Sales of investments	58,395,202.00	120,388,247.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	10,521,375.81	11,757,657.02	The basis stated in the prospectus
Registrar fee	661,343.59	739,052.83	The basis stated in the prospectus
abrdn Asia Limited			
Purchases of investments	50,658,302.30	36,075,987.13	Market price
Sales of investments	58,395,202.00	120,388,247.00	Market price
Other income	8,335,000.69	9,252,774.12	See Note 8

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	844,359.73	922,197.84
Accrued registrar fee	53,074.03	57,966.71
abrdn Pacific Equity Fund Class A Acc SGD		
Investments	525,059,341.71	552,829,820.57
abrdn Asia Limited		
Accrued other income	649,859.92	698,125.53
Accounts payable from purchases of investments	3,112,464.00	12,094,698.00

6. FINANCIAL DERIVATIVES AT FAIR VALUE

	Baht		
	2023		
	Notional Amount	Fair Value	
		Assets	Liabilities
Forward exchange contracts	489,823,867.80	8,652,008.39	-

	Baht		
	2022		
	Notional	Fair Value	
	Amount	Assets	Liabilities
Forward exchange contracts	580,930,090.00	17,927,660.97	826,762.42

7. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	525,059,341.71	-	525,059,341.71
Derivative contracts	-	8,652,008.39	-	8,652,008.39

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	552,829,820.57	-	552,829,820.57
Derivative contracts	-	17,927,660.97	-	17,927,660.97
<u>Liabilities</u>				
Derivative contracts	-	826,762.42	-	826,762.42

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust and over-the-counter derivatives.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency accounts as follows:

Accounts	SGD	
	2023	2022
Investments (at fair value)	20,243,485.87	21,482,968.46
Accrued other income	25,055.13	27,129.16
Accounts payable from purchases of investments	120,000.00	470,000.00

The Fund entered into derivative contracts for hedging exchange rates on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn Pacific Equity Fund Class A Acc SGD will analyse any factor which may affect price and the said fund aims to generate capital growth over the medium to long-term by investing in Asia Pacific equities excluding Japan (company shares).

8. OTHER INCOME

Other income is the rebate in management fee in foreign to the Fund at the mutually agreed rate in the agreement.

9. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 15 February 2024.

abrdn Japanese Sustainable Equity Fund

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions, and relevant risks before making investment decision.
Investment in a foreign investment fund (FIF) is subject to currency risk
and may get a return lower than the amount initially invested.
Currency is hedged upon the Fund Manager's discretion. Presently, no currency hedge is made by the Fund.
Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision
by the parent company to comply with law.

About the Fund

Investment Policy

- The Fund will mainly invest in units of a foreign fund, abrdn SICAV I - Japanese Sustainable Equity Fund Z Acc JPY, which is managed by abrdn Investments Luxembourg S.A.
- Invest in master fund, with net exposure at least 80% of its NAV, in average, in any accounting period.
- The Fund invests at least 90% of its assets in equities and equity related securities of companies listed, incorporated or domiciled in Japan or having significant operations and/or exposure to Japan. All equity and equity-related securities will follow abrdn's Japanese Sustainable Equity Investment Approach.
- The fund aims to achieve performance close to the Master Fund while the Master Fund aims to outperform the benchmark.

Dividend Policy

- No dividend payout, income reinvested.

Mutual Fund Supervisor Report

To: Unit holders of abrdn Japanese Sustainable Equity Fund

Whereas Citibank, N.A. Bangkok, the Mutual Fund Supervisor of abrdn Japanese Sustainable Equity Fund which is managed by Aberdeen Asset Management (Thailand) Limited has performed duties as the Mutual Fund Supervisor for the period beginning 1 January 2023 to 31 December 2023.

We have prepared this report base on given sources of information as of the date hereof and believed by us to be reliable, but we does not warrant the accuracy or completeness of the same and expressly disclaims liability for any error or omission (including any third party liability). There can be no assurance that future event or results will be consistent with any such report. Neither us nor any of its directors, employees or agents guarantees the repayment of capital, the performance or the distribution of the funds and be liable for any loss as a result of any action or omission made in reliance of this report.

In our opinion, Aberdeen Asset Management (Thailand) Limited has performed its duties in managing the Fund correctly and appropriately according to the objectives specified in the Fund management project, which was approved by the Office of the Securities and Exchange Commission and under the Securities Exchange Act B.E. 2535.

ABRDN JAPANESE SUSTAINABLE EQUITY FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Japanese Sustainable Equity Fund

Opinion

I have audited the financial statements of abrdn Japanese Sustainable Equity Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Japanese Sustainable Equity Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN JAPANESE SUSTAINABLE EQUITY FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Japanese Sustainable Equity Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 28 August 2013 with the registered value of Baht 1,600 million (divided into 160 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended feeder fund with no stipulated project life. The Fund mainly invests in unit trust of a foreign fund (Luxembourg), abrdn SICAV I - Japanese Sustainable Equity Fund Class Z Acc JPY (formerly known as Aberdeen Standard SICAV I - Japanese Sustainable Equity Fund Class Z Acc JPY), managed by abrdn Japan Limited, at least 80 percent of the Fund’s net asset value.

The Fund’s policy is not to pay dividends to unitholders.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	1,029,188.00	19,795,891.00
Sales of investments	13,590,426.00	20,120,130.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	4,154,114.50	4,286,618.97	The basis stated in the prospectus
Registrar fee	261,115.73	269,444.63	The basis stated in the prospectus
abrdn Investments Luxembourg S.A.			
Purchases of investments	1,029,188.00	19,795,891.00	Market price
Sales of investments	13,590,426.00	20,120,130.00	Market price

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	358,100.17	342,295.83
Accrued registrar fee	22,509.18	21,515.73
abrdn SICAV I - Japanese Sustainable Equity Fund Class Z Acc JPY		
Investments	224,735,740.79	204,409,576.20

6. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht			
As at 31 December 2023			
	Level 1	Level 2	Level 3
			Total
<u>Assets</u>			
Fund	-	224,735,740.79	-
			224,735,740.79

Baht			
As at 31 December 2022			
	Level 1	Level 2	Level 3
			Total
<u>Assets</u>			
Fund	-	204,409,576.20	-
			204,409,576.20

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

Baht				
Outstanding balance of net financial instruments as at 31 December 2023				
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	224,735,740.79	224,735,740.79

Accounts receivable from interest	-	-	214.52	214.52
Accounts receivable from sales of investment units	-	-	295,326.22	295,326.22
<u>Financial Liabilities</u>				
Accounts payable from redemption of investment units	-	-	313,111.51	313,111.51
Accrued expenses	-	-	448,554.75	448,554.75
Accrued income tax	-	-	32.18	32.18
Other liabilities	-	-	10,314.68	10,314.68

Baht				
Outstanding balance of net financial instruments as at 31 December 2022				
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	204,409,576.20	204,409,576.20
Cash at banks	4,710,809.74	-	-	4,710,809.74
Accounts receivable from interest	-	-	228.03	228.03
Accounts receivable from sales of investment units	-	-	163,850.26	163,850.26
<u>Financial Liabilities</u>				
Accounts payable from redemption of investment units	-	-	266,253.73	266,253.73
Accrued expenses	-	-	433,778.58	433,778.58
Accrued income tax	-	-	34.20	34.20
Other liabilities	-	-	10,365.40	10,365.40

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency account without hedging as follows:

Account	JPY	
	2023	2022
Investments (fair value)	926,967,030.41	780,752,436.68

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - Japanese Sustainable Equity Fund Class Z Acc JPY will analyse any factors which may affect price and the said fund has a policy is long term total return to be achieved by investing at least 90% of the fund's assets in equities and equity-related securities of companies listed, incorporated or domiciled in Japan or companies that derive a significant proportion of their revenues or profits from Japanese operations or have a significant proportion of their assets there.

7. APPROVAL OF THE FINANCIAL STATEMENTS

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions, and relevant risks before making investment decision.

Investment in a foreign investment fund (FIF) is subject to currency risk and may get a return lower than the amount initially invested.

Currency is hedged upon the Fund Manager's discretion.

FX hedging is performed with an aim to remove at least 90% of FX exposure

Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision by the parent company to comply with law.

About the Fund

Investment Policy

- The Fund will mainly invest in units of a foreign fund, abrdn SICAV I - North American Smaller Companies Fund Z Acc USD, which is managed by abrdn Investments Luxembourg S.A.
- Invest in master fund, with net exposure at least 80% of its NAV, in average, in any accounting period.
- The Fund's investment objective is long term total return to be achieved by investing at least 70% of the Fund's assets in small capitalisation equities and equity-related securities of companies listed, incorporated or domiciled in the United States of America (USA) or Canada or companies that derive a significant proportion of their revenues or profits from US or Canadian operations or have a significant proportion of their assets there.
- The Fund subsequently received a special resolution from the unitholders of the Fund to merge the abrdn American Growth Fund (ABAG) into the Fund. The Management Company has completed the transfer of all assets, rights and duties of the ABAG to this Fund on April 20, 2023.
- The fund aims to achieve performance close to the Master Fund while the Master Fund aims to outperform the benchmark.

Dividend Policy

- No dividend payout, income reinvested.

Mutual Fund Supervisor Report

To: Unit holders of abrdn American Growth – Smaller Companies Fund

Whereas Citibank, N.A. Bangkok, the Mutual Fund Supervisor of abrdn American Growth – Smaller Companies Fund which is managed by Aberdeen Asset Management (Thailand) Limited has performed duties as the Mutual Fund Supervisor for the period beginning 1 January 2023 to 31 December 2023.

We have prepared this report base on given sources of information as of the date hereof and believed by us to be reliable, but we does not warrant the accuracy or completeness of the same and expressly disclaims liability for any error or omission (including any third party liability). There can be no assurance that future event or results will be consistent with any such report. Neither us nor any of its directors, employees or agents guarantees the repayment of capital, the performance or the distribution of the funds and be liable for any loss as a result of any action or omission made in reliance of this report.

In our opinion, Aberdeen Asset Management (Thailand) Limited has performed its duties in managing the Fund correctly and appropriately according to the objectives specified in the Fund management project, which was approved by the Office of the Securities and Exchange Commission and under the Securities Exchange Act B.E. 2535.

abrdn American Growth-Smaller Companies Fund (ABAGS-M)

Updating an item of the fund scheme in the part of Rights, Duties and Responsibilities of the management company No.20

(20) In case of merger of mutual funds, in an event that this fund is a Receiving Fund, the Management Company shall accept the redemption or transfer of assets, rights and obligations of the Merging Fund to this Receiving Fund, and this Receiving Fund shall offer the investment units of the Receiving Fund to the unitholders of the Merging Fund by using the NAV per unit as of the date of the funds merger unless the Management Company wishes to use any other appropriate offering price

ABRDN AMERICAN GROWTH - SMALLER COMPANIES FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn American Growth - Smaller Companies Fund

Opinion

I have audited the financial statements of abrdn American Growth - Smaller Companies Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn American Growth - Smaller Companies Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN AMERICAN GROWTH - SMALLER COMPANIES FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn American Growth - Smaller Companies Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 3 November 2015 with the registered value of Baht 3,000 million (divided into 300 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 2 classes as follows:

1. Accumulation class suitable for general investors.
2. Super savings fund class suitable for investors who wish to receive tax benefits to promote long-term savings of investors.

The Fund has a policy to invest in a foreign unit trust, abrdn SICAV I - North American Smaller Companies Fund Class Z Acc USD (formerly known as Aberdeen Standard SICAV I - North American Smaller Companies Fund Class Z Acc USD), managed by abrdn Inc., at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for the purpose of hedging of exchange rate.

The Fund’s policy is not to pay dividends to the unitholders.

On 10 April 2023, the resolution from the unitholders approved the merger of abrdn American Growth Fund into abrdn American Growth - Smaller Companies Fund, which has been approved by the SEC on 24 April 2023. The Management Company is responsible for the property, rights and duties of the transferred fund and the dissolution of the transferred fund.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	424,897,315.78	3,431,580.00
Sales of investments	214,790,020.00	120,022,170.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	8,219,366.62	5,930,976.48	The basis stated in the prospectus

7. TYPES OF INVESTMENT UNITS IN ISSUE

	2023	
	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	33,021,001.4958	111,272.7721
Net assets (Baht)	503,407,075.59	1,698,135.09
Net asset value per unit (Baht)	15.2450	15.2610
	2022	
	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	17,799,198.8037	66,717.6487
Net assets (Baht)	259,920,483.77	975,262.65
Net asset value per unit (Baht)	14.6029	14.6177

Increase (decrease) in net assets resulting from operations for the year classified by types of investment units were as follows:

	Baht	
	2023	2022
Accumulation class	10,050,413.17	(121,048,978.41)
Super savings fund class	58,183.68	(241,831.40)
Total	10,108,596.85	(121,290,809.81)

8. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht				
As at 31 December 2023				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	482,179,829.45	-	482,179,829.45
Derivative contracts	-	13,527,039.95	-	13,527,039.95
<u>Liabilities</u>				
Derivative contracts	-	83,052.18	-	83,052.18

Baht				
As at 31 December 2022				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	233,420,264.07	-	233,420,264.07
Derivative contracts	-	22,017,643.26	-	22,017,643.26
<u>Liabilities</u>				
Derivative contracts	-	142,475.12	-	142,475.12

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include investments in unit trust and over-the-counter derivatives.

During the year, there were no transfers within the fair value hierarchy.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No	
	Interest Rate	Interest Rate	Interest Rate	Total

Accrued income tax	-	-	39.33	39.33
Other liabilities	-	-	12,957.58	12,957.58

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency accounts as follows:

Accounts	USD	
	2023	2022
Investments (fair value)	14,117,400.95	6,763,648.23
Accounts payable from purchases of investments	440,000.00	-

The Fund entered into derivative contracts for hedging exchange rates on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - North American Smaller Companies Fund - Class Z Acc USD will analyse any factors which may affect price and the said fund has a policy to generate long-term total return by investing at least 70% of the fund's assets in small capitalisation equities and equity-related securities of companies listed, incorporated or domiciled in the United States of America (USA) or Canada or companies that derive a significant proportion of their revenues or profits from USA or Canadian operations or have a significant proportion of their assets there.

9. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 8 February 2024.

abrdn Global Small Cap Fund

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions, and relevant risks before making investment decision.

Investment in a foreign investment fund (FIF) is subject to currency risk
and may get a return lower than the amount initially invested.

Currency is hedged upon the Fund Manager's discretion.

FX hedging is performed with an aim to remove at least 90% of FX exposure

Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision
by the parent company to comply with law.

About the Fund

Investment Policy

- The Fund will mainly invest in units of a foreign fund, abrdn SICAV II - Global Smaller Companies Fund Z Acc USD (This fund is from the merger of abrdn SICAV III - Global Smaller Companies Fund into abrdn SICAV II - Global Smaller Companies Fund on November 25, 2022), which is managed by abrdn Investments Luxembourg S.A.
- Invest in master fund, with net exposure at least 80% of its NAV, in average, in any accounting period.
- The master fund aims to provide long term growth by investing primarily in the shares of smaller companies listed on the global stock markets.
- The fund aims to achieve performance close to the Master Fund while the Master Fund aims to outperform the benchmark.

Dividend Policy

- No dividend payout, income reinvested.

Mutual Fund Supervisor Report

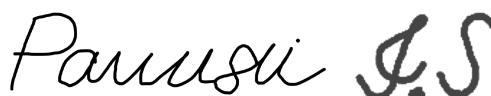

To: Unit holders of abrdn Global Small Cap Fund

Whereas Citibank, N.A. Bangkok, the Mutual Fund Supervisor of abrdn Global Small Cap Fund which is managed by Aberdeen Asset Management (Thailand) Limited has performed duties as the Mutual Fund Supervisor for the period beginning 1 January 2023 to 31 December 2023.

We have prepared this report base on given sources of information as of the date hereof and believed by us to be reliable, but we does not warrant the accuracy or completeness of the same and expressly disclaims liability for any error or omission (including any third party liability). There can be no assurance that future event or results will be consistent with any such report. Neither us nor any of its directors, employees or agents guarantees the repayment of capital, the performance or the distribution of the funds and be liable for any loss as a result of any action or omission made in reliance of this report.

In our opinion, Aberdeen Asset Management (Thailand) Limited has performed its duties in managing the Fund correctly and appropriately according to the objectives specified in the Fund management project, which was approved by the Office of the Securities and Exchange Commission and under the Securities Exchange Act B.E. 2535.

ABRDN GLOBAL SMALL CAP FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Global Small Cap Fund

Opinion

I have audited the financial statements of abrdn Global Small Cap Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Global Small Cap Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN GLOBAL SMALL CAP FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Global Small Cap Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 7 April 2021 with the registered value of Baht 1,500 million (divided into 150 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 3 classes as follows:

1. Accumulation class suitable for general investors who want to receive returns from an increase in the value of investment units in the long-term (Total Return).
2. Dividend class suitable for general investors who want to receive both a dividend during investment and a return from an increase in the value of investment units in the long-term.
3. Super savings fund class suitable for investors who want to receive tax benefits and expect to receive returns from an increase in the value of investment units in the long-term (Total Return).

At present, the Fund has open only the accumulation class and super savings fund class.

The Fund’s policy is to invest in a foreign unit trust of abrdn SICAV II - Global Smaller Companies Fund Class Z Acc USD (formerly known as Aberdeen Standard SICAV II - Global Smaller Companies Fund Class Z Acc USD), managed by abrdn Investment Management Limited, at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for hedging of the risk of foreign currency exchange rate.

The Fund’s policy is to pay dividends to unitholders with the procedures as specified in the prospectus for dividend class.

The Fund’s policy is not to pay dividends to unitholders for accumulation class and super savings fund class.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	10,404,180.00	18,651,600.00
Sales of investments	14,722,020.00	30,522,510.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Management fee	1,511,802.37	1,866,710.37	The basis stated in the prospectus
Registrar fee	95,027.61	117,335.99	The basis stated in the prospectus
abrdn Investments Luxembourg S.A.			
Purchases of investments	10,404,180.00	18,651,600.00	Market price
Sales of investments	14,722,020.00	30,522,510.00	Market price

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	124,837.89	132,672.23
Accrued registrar fee	7,846.95	8,339.38
abrdn SICAV II - Global Smaller Companies Fund Class Z Acc USD		
Investments	77,717,499.50	73,407,659.95

6. FINANCIAL DERIVATIVES AT FAIR VALUE

Baht			
2023			
	Notional	Fair Value	
	Amount	Assets	Liabilities
Forward exchange contracts	73,388,147.00	2,239,101.16	-

Baht			
2022			
	Notional	Fair Value	
	Amount	Assets	Liabilities
Forward exchange contracts	76,819,671.00	6,407,523.81	-

7. TYPES OF INVESTMENT UNITS IN ISSUE

2023		
	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	10,891,799.5076	257,897.5816
Net assets (Baht)	79,040,727.56	1,874,321.51
Net asset value per unit (Baht)	7.2569	7.2677

2022		
	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	11,443,543.2246	193,829.8912
Net assets (Baht)	79,006,685.77	1,339,824.87
Net asset value per unit (Baht)	6.9040	6.9123

Increase (decrease) in net assets resulting from operations for the year classified by types of investment units were as follows:

Baht		
	2023	2022
Accumulation class	3,834,151.98	(61,771,870.75)
Super savings fund class	82,676.22	(689,451.47)
Total	3,916,828.20	(62,461,322.22)

8. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht				
As at 31 December 2023				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	77,717,499.50	-	77,717,499.50
Derivative contracts	-	2,239,101.16	-	2,239,101.16

Baht				
As at 31 December 2022				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	73,407,659.95	-	73,407,659.95
Derivative contracts	-	6,407,523.81	-	6,407,523.81

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust and over-the-counter derivatives.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	77,717,499.50	77,717,499.50
Cash at banks	1,093,246.64	-	-	1,093,246.64
Accounts receivable from interest	-	-	80.79	80.79
Accounts receivable from sales of investment units	-	-	44,985.22	44,985.22
Accounts receivable from derivative contracts	-	-	2,239,101.16	2,239,101.16
<u>Financial Liabilities</u>				
Accrued expenses	-	-	176,403.32	176,403.32
Accrued income tax	-	-	12.12	12.12
Other liabilities	-	-	3,448.80	3,448.80

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2022			
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total
<u>Financial Assets</u>				
Investments at fair value	-	-	73,407,659.95	73,407,659.95
Cash at banks	709,008.57	-	-	709,008.57
Accounts receivable from interest	-	-	140.63	140.63
Accounts receivable from sales of investment units	-	-	13,463.05	13,463.05
Accounts receivable from derivative contracts	-	-	6,407,523.81	6,407,523.81
<u>Financial Liabilities</u>				
Accrued expenses	-	-	187,343.79	187,343.79
Accrued income tax	-	-	21.09	21.09
Other liabilities	-	-	3,920.49	3,920.49

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency account as follows:

Account	USD	
	2023	2022
Investments (fair value)	2,275,435.50	2,127,080.06

The Fund entered into derivative contracts for hedging exchange rates on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV II - Global Smaller Companies Fund Class Z Acc USD will analyse any factors which may affect price and the said fund has a policy to provide long-term total return to be achieved by investing at least 70% of fund's assets in smaller capitalisation equities and equity related securities companies listed on global stock exchanges including emerging markets.

9. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 16 February 2024.

abrdn Global Dynamic Dividend Fund

Annual Report

January 1, 2023 to December 31, 2023

Please study product's features, conditions, and relevant risks before making investment decision.

Investment in a foreign investment fund (FIF) is subject to currency risk
and may get a return lower than the amount initially invested.

Currency is hedged upon the Fund Manager's discretion.

FX hedging is performed with an aim to remove at least 90% of FX exposure

Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision
by the parent company to comply with law.

About the Fund

Investment Policy

- The Fund will mainly invest in units of a foreign fund, abrdn SICAV I - Global Dynamic Dividend Fund Z Gross MInc USD, which is managed by abrdn Investments Luxembourg S.A.
- Invest in master fund, with net exposure at least 80% of its NAV, in average, in any accounting period.
- The master fund will invest at least two-thirds in equities and equity related securities of companies on registered stock exchanges. The master fund invests the majority of its assets for the long term to generate income and capital growth. To increase the overall level of income generated, a small portion of investments are held for short periods of time to capture regular dividends that are paid along with one off or special dividends from companies.
- The Fund subsequently received a special resolution from the unitholders of the Fund to merge the abrdn Listed Private Capital Fund (ABPCAP-M) (registered on 5 May 2022) into the Fund. The Management Company has completed the transfer of all assets, rights and duties of the ABPCAP-M to the ABGDD-M on 20 October 2023, by using the NAV per unit as of 19 October 2023.
- The fund aims to achieve performance close to the Master Fund while the Master Fund aims to outperform the benchmark.

Dividend Policy

- No dividend payout, income reinvested. For Auto-redemption class, auto-redemption will be made not over 12 times per annum.

Mutual Fund Supervisor Report

To: Unit holders of abrdn Global Dynamic Dividend Fund

Whereas Citibank, N.A. Bangkok, the Mutual Fund Supervisor of abrdn Global Dynamic Dividend Fund which is managed by Aberdeen Asset Management (Thailand) Limited has performed duties as the Mutual Fund Supervisor for the period beginning 1 January 2023 to 31 December 2023.

We have prepared this report base on given sources of information as of the date hereof and believed by us to be reliable, but we does not warrant the accuracy or completeness of the same and expressly disclaims liability for any error or omission (including any third party liability). There can be no assurance that future event or results will be consistent with any such report. Neither us nor any of its directors, employees or agents guarantees the repayment of capital, the performance or the distribution of the funds and be liable for any loss as a result of any action or omission made in reliance of this report.

In our opinion, Aberdeen Asset Management (Thailand) Limited has performed its duties in managing the Fund correctly and appropriately according to the objectives specified in the Fund management project, which was approved by the Office of the Securities and Exchange Commission and under the Securities Exchange Act B.E. 2535.

To the Unitholders of abrdn Global Dynamic Dividend Fund

Opinion

I have audited the financial statements of abrdn Global Dynamic Dividend Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Global Dynamic Dividend Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN GLOBAL DYNAMIC DIVIDEND FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Global Dynamic Dividend Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 28 September 2021 with the registered value of Baht 3,000 million (divided into 300 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 3 classes as follows:

1. Accumulation class suitable for general investors who want to receive returns from an increase in the value of investment units in the long-term (Total Return).
2. Auto redemption class suitable for general investors who want to automatically receive returns from auto-redemption.
3. Super savings fund class suitable for investors who want to receive tax benefits and expects to receive returns from an increase in the value of investment units in the long-term (Total Return).

The Fund’s policy to invest in a foreign unit trust of abrdn SICAV I - Global Dynamic Dividend Fund Class Z Gross MIncA USD (formerly known as Aberdeen Standard SICAV I - Global Dynamic Dividend Fund Class Z Gross MIncA USD), managed by abrdn Investments Limited and abrdn Inc., at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for hedging of the risk of foreign currency exchange rate.

The Fund’s policy is not to pay dividends to the unitholders.

On 11 October 2023, the resolution from the unitholders approved the merger of abrdn Listed Private Capital Fund into abrdn Global Dynamic Dividend Fund, which has been approved by the SEC on 25 October 2023. The Management Company is responsible for the property, rights and duties of the transferred fund and the dissolution of the transferred fund.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Dividend income is recognised on the date of declaration and having the right to receive the dividend.

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	392,596,753.00	227,659,660.00
Sales of investments	216,629,252.00	244,122,190.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		
	2023	2022	Pricing Policy
Aberdeen Asset Management (Thailand) Limited			
Other income	4,860.00	-	-
Management fee	20,752,110.01	18,637,768.73	The basis stated in the prospectus
Registrar fee	1,304,418.28	1,171,516.89	The basis stated in the prospectus
abrdn Investments Luxembourg S.A.			
Purchases of investments	392,596,753.00	227,659,660.00	Market price
Sales of investments	216,629,252.00	244,122,190.00	Market price
abrdn SICAV I - Global Dynamic Dividend Fund Class Z Gross MInCA USD			
Dividend income	65,254,565.14	59,295,560.63	Per announcement

As at 31 December 2023 and 2022, the Fund had the significant outstanding balances with the related companies as follows:

	Baht	
	2023	2022
Aberdeen Asset Management (Thailand) Limited		
Accrued management fee	1,949,683.66	1,562,413.62
Accrued registrar fee	122,551.54	98,208.87
abrdn SICAV I - Global Dynamic Dividend Fund Class Z Gross MInCA USD		
Investments	1,183,238,195.44	942,843,975.59

Forward exchange contracts	944,459,081.00	15,367,362.95	125,595.00

7. TYPES OF INVESTMENT UNITS IN ISSUE

2023			
	Accumulation	Auto redemption	Super savings fund
	class	class	class
Investment units at the end of the year (units)	99,280,861.2573	27,274,142.8812	3,364,014.8162
Net assets (Baht)	949,194,303.03	260,319,154.42	32,105,588.18
Net asset value per unit (Baht)	9.5607	9.5445	9.5438
2022			
	Accumulation	Auto redemption	Super savings fund
	class	class	class
Investment units at the end of the year (units)	96,253,437.1707	10,263,067.7685	2,313,409.4397
Net assets (Baht)	866,388,758.71	92,273,620.12	20,796,543.82
Net asset value per unit (Baht)	9.0011	8.9908	8.9895

Increase (decrease) in net assets resulting from operations for the year classified by types of investment units were as follows:

Baht		
	2023	2022
Accumulation class	60,078,662.91	(141,281,996.46)
Auto redemption class	13,975,673.48	(13,513,339.47)
Super savings fund class	1,886,212.00	(2,297,961.11)
Total	75,940,548.39	(157,093,297.04)

8. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	1,183,238,195.44	-	1,183,238,195.44
Derivative contracts	-	54,007,380.82	-	54,007,380.82
<u>Liabilities</u>				
Derivative contracts	-	3,214,215.16	-	3,214,215.16

	Baht			
	As at 31 December 2022			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	942,843,975.59	-	942,843,975.59
Derivative contracts	-	15,367,362.95	-	15,367,362.95
<u>Liabilities</u>				
Derivative contracts	-	125,595.00	-	125,595.00

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust and over-the-counter derivatives.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating	Fixed	No

Other liabilities	-	-	44,992.99	44,992.99

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency account as follows:

Account	USD	
	2023	2022
Investments (fair value)	34,643,191.20	27,320,100.13

The Fund entered into derivative contracts for hedging exchange rates on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - Global Dynamic Dividend Fund Class Z Gross MIncA USD will analyse any factors which may affect price and the said fund has a policy to invest in equity instruments or related with equity instruments of active listed companies which are registered in the foreign Stock Exchanges globally at least two-thirds of the investment portfolio.

9. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 19 February 2024.

and may get a return lower than the amount initially invested.

Currency is hedged upon the Fund Manager's discretion.

FX hedging is performed with an aim to remove at least 90% of FX exposure

Aberdeen Asset Management (Thailand) Limited - Certified by CAC/Under supervision
by the parent company to comply with law.

About the Fund

Investment Policy

- The Fund will mainly invest in units of a foreign fund, abrdn SICAV I - Global Innovation Equities Fund Z Acc USD, which is managed by abrdn Investments Luxembourg S.A.
- Invest in master fund, with net exposure at least 80% of its NAV, in average, in any accounting period.
- The master fund aims to achieve a combination of growth and income by investing at least two-thirds in companies listed globally of all sizes whose business models are focused on and/or benefit from all forms of innovation.
- The fund aims to achieve performance close to the Master Fund while the Master Fund aims to outperform the benchmark.

Dividend Policy

- No dividend payout, income reinvested.

Mutual Fund Supervisor Report

To: Unit holders of abrdn Global Innovation Equity Fund

Whereas Citibank, N.A. Bangkok, the Mutual Fund Supervisor of abrdn Global Innovation Equity Fund which is managed by Aberdeen Asset Management (Thailand) Limited has performed duties as the Mutual Fund Supervisor for the period beginning 1 January 2023 to 31 December 2023.

We have prepared this report base on given sources of information as of the date hereof and believed by us to be reliable, but we does not warrant the accuracy or completeness of the same and expressly disclaims liability for any error or omission (including any third party liability). There can be no assurance that future event or results will be consistent with any such report. Neither us nor any of its directors, employees or agents guarantees the repayment of capital, the performance or the distribution of the funds and be liable for any loss as a result of any action or omission made in reliance of this report.

In our opinion, Aberdeen Asset Management (Thailand) Limited has performed its duties in managing the Fund correctly and appropriately according to the objectives specified in the Fund management project, which was approved by the Office of the Securities and Exchange Commission and under the Securities Exchange Act B.E. 2535.

ABRDN GLOBAL INNOVATION EQUITY FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn Global Innovation Equity Fund

Opinion

I have audited the financial statements of abrdn Global Innovation Equity Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn Global Innovation Equity Fund as at 31 December 2023, and its financial performance and changes in its net assets for the year then ended in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN GLOBAL INNOVATION EQUITY FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn Global Innovation Equity Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 15 March 2022 with the registered value of Baht 3,000 million (divided into 300 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 3 classes as follows:

1. Accumulation class suitable for general investors who want to receive returns from an increase in the value of investment units in the long-term (Total Return).
2. Dividend class suitable for general investors who want to receive both a dividend during investment and a return from an increase in the value of investment units in the long-term.
3. Super savings fund class suitable for investors who want to receive tax benefits and expect to receive returns from an increase in the value of investment units in the long-term (Total Return).

At present, the Fund has open only the accumulation class and super savings fund class.

The Fund’s policy is to invest in a foreign unit trust, abrdn SICAV I - Global Innovation Equity Fund Class Z Acc USD (formerly known as Aberdeen Standard SICAV I - Global Innovation Equity Fund Class Z Acc USD), managed by abrdn Investments Limited, at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for the purpose of hedging of exchange rate.

The Fund’s policy is to pay dividends to unitholders with the procedures as specified in the prospectus for dividend class.

The Fund’s policy is not to pay dividends to unitholders for accumulation class and super savings fund class.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

Since the Fund was registered on 15 March 2022. Therefore, the accounting period of the Fund for the period 2022 was shorter than one year, as a result the previous amounts are not comparable with the current amounts in part of the statements of comprehensive income, changes in net assets and related notes to financial statements.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Deferred Expenses

Deferred expenses are expenses in the initial offering, which are amortised based on straight-line basis within 3 years.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the year are converted into Baht at the rates of exchange on that date. The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the year, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the year as follows:

	Baht	
	2023	2022
Purchases of investments	-	256,973,040.00
Sales of investments	5,294,460.00	222,237,070.00

5. RELATED PARTY TRANSACTIONS

During the year, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the years ended 31 December 2023 and 2022 were summarised as follows:

	Baht		Pricing Policy

	Accumulation class	Super savings fund class
Investment units at the end of the year (units)	6,067,177.5599	194,227.9659
Net assets (Baht)	56,793,403.13	1,819,426.50
Net asset value per unit (Baht)	9.3607	9.3674

	2022	
	Accumulation class	Super savings fund class
Investment units at the end of the period (units)	6,276,350.8430	152,084.0526
Net assets (Baht)	52,642,918.53	1,276,167.25
Net asset value per unit (Baht)	8.3875	8.3912

Increase (decrease) in net assets resulting from operations for the year classified by types of investment units were as follows:

	บาท	
	2023	2022
Accumulation class	5,979,887.72	13,160,238.09
Super savings fund class	172,112.91	(205,790.90)
Total	6,152,000.63	12,954,447.19

8. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Baht				
As at 31 December 2023				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	55,867,098.51	-	55,867,098.51
Derivative contracts	-	2,396,806.31	-	2,396,806.31
<u>Liabilities</u>				
Derivative contracts	-	146,770.17	-	146,770.17

Baht				
As at 31 December 2022				
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	51,829,605.78	-	51,829,605.78
Derivative contracts	-	892,220.90	-	892,220.90
<u>Liabilities</u>				
Derivative contracts	-	17,066.95	-	17,066.95

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust and over-the-counter derivatives.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht			
	Outstanding balance of net financial instruments as at 31 December 2023			
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate	Total

Accrued expenses	-	-	127,437.21
Accrued income tax	-	-	6.81
Other liabilities	-	-	2,585.76

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023 and 2022, the Fund had foreign currency account as follows:

Account	USD	
	2023	2022
Investments (at fair value)	1,635,693.12	1,501,828.57

The Fund entered into derivative contracts for hedging exchange rates on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - Global Innovation Equity Fund Class Z Acc USD will analyse any factors which may affect price and the said fund has a policy to generate long-term total return by investing at least 70% of the fund's assets in equities and equity-related securities of companies of all sizes whose business models are focused on and/or benefit from all forms of innovation.

9. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 4 March 2024.

ABRDN CHINA A SHARE SUSTAINABLE EQUITY FUND
FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR'S REPORT
FOR THE PERIOD FROM 20 JUNE 2023 (DATE OF INCEPTION)
TO 31 DECEMBER 2023

INDEPENDENT AUDITOR'S REPORT

To the Unitholders of abrdn China A Share Sustainable Equity Fund

Opinion

I have audited the financial statements of abrdn China A Share Sustainable Equity Fund ("the Fund"), which comprise the statement of financial position and details of investments as at 31 December 2023, and the statement of comprehensive income and statement of changes in net assets for the period from 20 June 2023 (date of inception) to 31 December 2023, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements present fairly, in all material respects, the financial position of abrdn China A Share Sustainable Equity Fund as at 31 December 2023, and its financial performance and changes in its net assets for the period from 20 June 2023 to 31 December 2023 in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Fund in accordance with the Code of Ethics for Professional Accountants, including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

Management is responsible for the other information. The other information comprises information including in annual report but does not include the financial statements and my auditor's report thereon, which is expected to be made available to me after that date.

My opinion on the financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to management to make correction the misstatement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the Securities and Exchange Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

ABRDN CHINA A SHARE SUSTAINABLE EQUITY FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIOD FROM 20 JUNE 2023 (DATE OF INCEPTION) TO 31 DECEMBER 2023

1. GENERAL INFORMATION

abrdn China A Share Sustainable Equity Fund (“the Fund”) was registered with the Securities and Exchange Commission (“SEC”) on 20 June 2023 with the registered value of Baht 3,000 million (divided into 300 million investment units at Baht 10 each). Aberdeen Asset Management (Thailand) Limited (“the Management Company”) serves as the Fund’s Manager and Investment Unit Registrar and Citibank, N.A. Bangkok Branch serves as the Fund’s Trustee.

The Fund is an open-ended fund with no stipulated project life, which divides the investment units into 3 classes as follows:

1. Accumulation class suitable for general investors who want to receive returns from an increase in the value of investment units in the long-term (Total Return).
2. Dividend class suitable for general investors who want to receive both a dividend during investment and a return from an increase in the value of investment units in the long-term.
3. Super savings fund class suitable for investors who want to receive tax benefits and expect to receive returns from an increase in the value of investment units in the long-term (Total Return).

At present, the Fund has open only the accumulation class.

The Fund’s policy is to invest in a foreign unit trust, abrdn SICAV I - China A Share Sustainable Equity Fund Class Z Acc USD, managed by abrdn Investments Limited, at least 80 percent of the Fund’s net asset value. Therefore, the Fund may enter into derivative contracts for the purpose of hedging of exchange rate.

The Fund’s policy is to pay dividends to unitholders with the procedures as specified in the prospectus for dividend class.

The Fund’s policy is not to pay dividends to unitholders for accumulation class and super savings fund class.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund are prepared in accordance with the Accounting Guidance for Mutual Funds and Provident Funds issued by the Association of Investment Management Companies and approved by the SEC (“Accounting Guidance”), while for those matters not covered by the Accounting Guidance, the Fund applies Thai Financial Reporting Standards issued by the Federation of Accounting Professions.

The financial statements of the Fund have been prepared in the Thai language and expressed in Thai Baht. Such financial statements have been prepared for domestic reporting purposes. For the convenience of the readers not conversant with the Thai language, an English version of the financial statements has been provided by translating from the Thai version of the financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are recognised as assets at fair value at the date on which the Fund has the right on investments.

- Investments in foreign unit trusts are presented at fair value by using the latest value of net assets per unit on the date of investment measurement.

Net unrealised gains or losses arising from their revaluation of investments to be fair value are reflected in profit or loss.

The weighted average method is used to determine the cost of each security at the time of sales.

Revenues and Expenses Recognition

Interest income is recognised as interest accrues, based on the effective interest rate method.

Other income and expenses are recognised on an accrual basis.

On disposal of an investment, the difference between net consideration received and carrying amount is recognised in profit or loss.

Deferred Expenses

Deferred expenses are expenses in the initial offering, which are amortised based on straight-line basis within 3 years.

Accounts in Foreign Currencies

Accounts in foreign currencies are converted into Baht at the rates of exchange on the transaction date. Assets and liabilities in foreign currencies at the end of the period are converted into Baht at the rates of exchange on that date.

The derivative contracts are converted at the contract rates on the transaction date.

Outstanding derivative contracts are marked to market by comparing contract rates to forward rates established by the contracting bank with same maturity. At the end of the period, the unrealised gains or losses on outstanding derivative contracts, calculated as described above, are included within accounts receivable or accounts payable from derivative contracts in statement of financial position.

Foreign exchange differences are recognised in profit or loss.

Income Tax

The Fund shall pay income tax according to the Revenue Code based on income under section 40 (4) (a) at the rate of 15% of income before deducting expenses.

Use of Accounting Judgments and Estimates

Preparation of financial statements in conformity with Accounting Guidance requires management to make judgments and estimates that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The judgments and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

4. INVESTMENT TRADING INFORMATION

The Fund had purchases and sales of investments during the period as follows:

	Baht
	2023
Purchases of investments	450,787,800.00
Sales of investments	148,301,170.00

5. RELATED PARTY TRANSACTIONS

During the period, the Fund had significant business transactions with the Management Company and other enterprises, which have the same shareholders and/or directors as the Management Company and the Fund. Such transactions for the period ended 31 December 2023 were summarised as follows:

	Baht	Pricing Policy
Aberdeen Asset Management (Thailand) Limited		
Management fee	3,582,018.33	The basis stated in the prospectus
Registrar fee	225,155.47	The basis stated in the prospectus
abrdn Investments Luxembourg S.A.		
Purchases of investments	450,787,800.00	Market price
Sales of investments	148,301,170.00	Market price

As at 31 December 2023, the Fund had the significant outstanding balances with the related companies as follows:

	Baht
Aberdeen Asset Management (Thailand) Limited	
Accrued management fee	398,367.35
Accrued registrar fee	25,040.27
abrdn SICAV I - China A Share Sustainable Equity Fund Class Z Acc USD	
Investments	243,440,741.72

6. FINANCIAL DERIVATIVES AT FAIR VALUE

	Baht		
	2023		
	Notional	Fair Value	
	Amount	Assets	Liabilities
Forward exchange contracts	274,073,960.00	7,895,675.34	618,500.18

7. DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair Value Estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyers and sellers (market participants) at the measurement date. The Fund used quoted prices in active markets in measuring assets and liabilities which required to be measured at fair value under related accounting guidance. In case that there is no active market for identical assets or liabilities or the quoted prices in active markets are not available, the Fund will estimate the fair value using valuation techniques that fit to each circumstance and try to use observable data that is relevant to the assets or liabilities to be measured as much as possible.

The following table shows fair value of financial instruments categorised by measurement approach with different levels in a fair value hierarchy as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Baht			
	As at 31 December 2023			
	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Fund	-	243,440,741.72	-	243,440,741.72
Derivative contracts	-	7,895,675.34	-	7,895,675.34
<u>Liabilities</u>				
Derivative contracts	-	618,500.18	-	618,500.18

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. These include unit trust and over-the-counter derivatives.

Interest Rate Risk

Interest rate risk is the risk that value of financial assets and financial liabilities is subject to change due to the movement of market interest rates.

The following table summarises the Fund's interest rate risk, which comprised fair value of financial assets and financial liabilities and categorised by type of interest rates:

	Baht		
	Outstanding balance of net financial instruments as at 31 December 2023		
	Floating Interest Rate	Fixed Interest Rate	No Interest Rate
<u>Financial Assets</u>			
Investments at fair value	-	-	243,440,741.72
Cash at banks	4,092,911.83	-	-
Accounts receivable from interest	-	-	478.21
Accounts receivable from sales of investment units	-	-	49,261.37
Accounts receivable from derivative contracts	-	-	7,895,675.34
<u>Financial Liabilities</u>			
Accounts payable from redemption of investment units	-	-	852,010.99
Accounts payable from derivative contracts	-	-	618,500.18
Accrued expenses	-	-	461,918.38
Accrued income tax	-	-	71.73
Other liabilities	-	-	14,209.89

Credit Risk

The Fund is exposed to the credit risk of non-performance of the financial instruments obligations by counterparties since the Fund has accounts receivable. However, such financial assets are due in the short-term, therefore, the Fund does not anticipate material losses from its debt collections.

Foreign Currency Risk

As at 31 December 2023, the Fund had foreign currency account as follows:

Account	USD
Investments (at fair value)	7,127,528.67

The Fund entered into derivative contracts for hedging exchange rates on investments in foreign currency (see Note 6).

Market Risk

The Fund is exposed to the market risk from changes in market prices with respect to its investments in foreign unit trust. The returns on investments fluctuate depending on the economic and political situation including the status of financial and capital markets. The mentioned situations may affect the operations of the financial instruments' issuers in a positive or negative way depending on the kind of business of those issuers and how they relate with fluctuating market, which may arise to an increase or decrease of the financial instruments' market price.

Risk Management

The fund manager of abrdn SICAV I - China A Share Sustainable Equity Fund Class Z Acc USD will analyse any factors which may affect price and the said fund has a policy to achieve long-term total return by investing, directly or indirectly at least 90% of its total assets in equity and equity-related securities of companies listed on the Shanghai Stock Exchange and Shenzhen Stock Exchange (Chinese Stock Exchanges).

8. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved for issue by the authorised persons of the Fund on 1 March 2024.

TRIS Rating Definition

TRIS Rating uses eight letter rating symbols for announcing medium- and long-term credit ratings. The ratings range from AAA, the highest rating, to D, the lowest rating. The medium- and long-term debt instrument covers the period of time from one year up. The definitions are:

AAA The highest rating, indicating a company or a debt instrument with smallest degree of credit risk. The company has extremely strong capacity to pay interest and repay principal on time, and is unlikely to be affected by adverse changes in business, economic or other external conditions.

AA The rating indicates a company or a debt instrument with a very low degree of credit risk. The company has very strong capacity to pay interest and repay principal on time, but is somewhat more susceptible to adverse changes in business, economic, or other external conditions than AAA rating.

A The rating indicates a company or a debt instrument with a low credit risk. The company has strong capacity to pay interest and repay principal on time, but is more susceptible to adverse changes in business, economic or other external conditions than debt in higher-rated categories.

BBB The rating indicates a company or a debt instrument with moderate credit risk. The company has adequate capacity to pay interest and repay principal on time, but is more vulnerable to adverse changes in business, economic or other external conditions and is more likely to have a weakened capacity to pay interest and repay principal than debt in higher-rated categories.

BB The rating indicates a company or a debt instrument with a high credit risk. The company has less than moderate capacity to pay interest and repay principal on time, and can be significantly affected by adverse changes in business, economic or other external conditions, leading to inadequate capacity to pay interest and repay principal.

B The rating indicates a company or a debt instrument with a very high credit risk. The company has low capacity to pay interest and repay principal on time. Adverse changes in business, economic or other external conditions could lead to inability or unwillingness to pay interest and repay principal.

C The rating indicates a company or a debt instrument with the highest risk of default. The company has a significant inability to pay interest and repay principal on time, and is dependent upon favourable business, economic or other external conditions to meet its obligations.

D The rating for a company or a debt instrument for which payment is in default.

The ratings from AA to C may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within a rating category.

Fitch Ratings Definition

AAA Highest credit quality. 'AAA' ratings denote the lowest expectation of credit risk. They are assigned only in case of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.

AA Very high credit quality. 'AA' ratings denote expectations of very low credit risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.

A High credit quality. 'A' ratings denote expectations of low credit risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to changes in circumstances or in economic conditions than is the case for higher ratings.

BBB Good credit quality. 'BBB' ratings indicate that there is currently expectations of low credit risk. The capacity for payment of financial commitments is considered adequate but adverse changes in circumstances and economic conditions are more likely to impair this capacity. This is the lowest investment grade category.

Speculative Grade

BB Speculative. 'BB' ratings indicate that there is a possibility of credit risk developing, particularly as the result of adverse economic change over time; however, business or financial alternatives may be available to allow financial commitments to be met. Securities rated in this category are not investment grade.

B Highly speculative.

For issuers and performing obligations, 'B' ratings indicate that significant credit risk is present, but a limited margin of safety remains. Financial commitments are currently being met; however, capacity for continued payment is contingent upon a sustained, favorable business and economic environment.

For individual obligations, may indicate distressed or defaulted obligations with potential for extremely high recoveries. Such obligations would possess a Recovery Rating of 'R1' (outstanding).

CCC For issuers and performing obligations, default is a real possibility. Capacity for meeting financial commitments is solely reliant upon sustained, favorable business or economic conditions.

For individual obligations, may indicate distressed or defaulted obligations with potential for average to superior levels of recovery. Differences in credit quality may be denoted by plus/minus distinctions. Such obligations typically would possess a Recovery Rating of 'R2' (superior), or 'R3' (good) or 'R4' (average).

CC For issuers and performing obligations, default of some kind appears probable.

For individual obligations, may indicate distressed or defaulted obligations with a Recovery Rating of 'R4' (average) or 'R5' (below average).

C For issuers and performing obligations, default is imminent.

For individual obligations, may indicate distressed or defaulted obligations with potential for below-average to poor recoveries. Such obligations would possess a Recovery Rating of 'R6' (poor).

RD Indicates an entity that has failed to make due payments (within the applicable grace period) on some but not all material financial obligations, but continues to honor other classes of obligations. .

D Indicates an entity or sovereign that has defaulted on all of its financial obligations.

Issuer Rating of Deposit
